Resolution for Investigation of Campaign Contributions Passes

GOES THROUGH THE SENATE

Financial Dealings Between Financiers and Roosevelt Will Be Looked Into—Sessions Will Begin In September.

Washington, August 26.—At the end of a three days fight in which Senator LaFollette's threat of a continued filibuster hung over the Senate to force consideration, that body today passed the Penrose resolution calling for a complete investigation of the campaign contributions of John D. Archbold and George W. Perkins and of all "financial transactions and correspondence relating thereto" between the two financiers and "Col. Theodore Roosevelt, representatives in Congress and members of the Senate of the United States."

The objections to the resolution died out in the final hours of the session. When the Senate recessed at noon it had been mutually agreed that no opposition would be made to Senator LaFolette's request for action. Based on the charges made by Senator Penrose that the Standard Oil Company had contributed $100,000 to the Roosevelt fund in 1904, the resolution had been amended by Senator Poindexter and Penrose to cover, respectively, all the activities of Mr. Archbold and Mr. Perkins of a political nature.

The resolution, once before the Senate, passed with little discussion and with no votes in the negative. One important change made gives witnesses the right to have attorneys at the hearings before the Senate committee. Senator Clapp, chairman, said today that his commitee probably would not reconvene before September 30th.

Senator Clapp today asked Chairman Dillingham, of the Committee on Privileges and Elections to appoint another Democrat to take the place of Senator Paynter of the sub-committee. Senator Dillingham had already designated Senator Pomerene, of Ohio, to take the place of Senator Luke Lea of Tennessee, who resigned. Senator Paynter has notified Senator Clapp that he cannot serve longer.

Senator LaFollette stated that he intended to make public a complete schedule of his expenses as a candidate for the Republican nomination for President. This statement, he said, would embrace practically all information that he could given on the witness stand before the Senate committtee, but the Wisconisin Senator expects to appear before the committee at the Fall hearings.

Senator Clapp stated that it had not been decided at what time Colonel Roosevelt would appear, or what other witnesses would testify.

NORTH CAROLINA FIRST

Road Construction by Federal Aid Under the Simmons Bill

Washington, D. C., Aug. 26.—North Carolina will be the first State in which road construction will be started under the provisions of Senator Simmons' good roads bill, which became a law last week. The Simmons' good roads bill provides that the work shall be handled through the Postmaster General and the Secretary of the Agricultural Department. Postmaster General Hitchcock and Secretary Wilson had a conference with Senator Simmons and told the Senator that it was their intention to begin work on roads within a very short time and that the first step will be taken in some of the North Carolina counties where money has already been appropriated for road construction. The Simmons' bill provides that the government shall aid in the construction of roads where the county or State bears its part of the cost.

It is expected that an expert from the office of Public Roads will be sent to North Carolina some time this week to make an investigation and decide upon what point in the State the first work on roads will be started.

Representatives Webb, Godwin, Stedman and Small remained on duty in the House at the all-night session Saturday night. Mr. Webb was busy trying to get the conferees to keep the provision in the General Deficiency bill providing for the complete demolition of the Charlotte postoffice which was put in by Senator Overman. The provision was knocked out, but, according to the ruling of the Treasury Department will not affect in any way the tearing down of the old building and the erection of a new structure, as provided in Webb's bill introduced some time ago. Both Senators Simmons and Overman remained here until adjournment this afternoon.

Senator Simmons will go to New York where he will hold a conference with acting chairman of the Democratic National Committee. Mr. McAdoo requested Senator Simmons to come to New York for a conference as soon as possible. Important legislation in Washington kept the senior Senator here until the close of Congress.

WICKERSHAM DEFENDS LEWIS

Attorney General Denies Right of American Bar Association to Negro Assistnat—Meeting Opens Today.

Milwaukee, Wis., August 26.—"I deny the right of the American Bar Association, after it has once seated a member, to oust him on the ground that it has been discovered that he is a negro,' said Attorney General George W. Wickersham who arrived today to attend the opening here tomorrow of the association's 35th annual meeting.

Mr. Wickersham defended the title of William H. Lewis to a seat in the association. Lewis is an assistant to the Attorney General. His membership was revoked by the executive committee; on the charge that the committe eleeted him without knowing he was a negro.

Two other negro members are similarly affected. They are Butler R. Wilson, Boston, and William R. Morris, Minneapolis. The executive committe headed by S. S. Gregory, Chicago, president of the association, has prepared a special report declaring it has been against the association's policy to admit negro members and saying that Lewis, Wilson and Morris were seated on recommendation of local counsels without the fact that they were negroes being made generally known.

The report asserts the eligibility of the men to membership is not affected by the report and leaves open the question whether the association wants to admit negroes hereafter.

Ralph W. Breckenridge, Omaha, Neb., submitted a minority report, opposing the committee's action revoking the negro's election.

That he would fight any atempt to oust the negro members, was made known by Mr. Wickersham.

"Whether the association wants hereafter to admit negro members is another question," he said, "but there is no doubt that the present executive committee exceeded its power when it undertook to rescind its action."

Simon E. Baldwin, of New Haven, Conn., deievered his 10th address as director before the comparative bureau today.

DIES IN PENITENTIARY.

Former Head of United Wireless Succumbs to Uraemic Poisoning.

Atlanta, Ga., Aug. 26.—Miss Ollie Wilson, daughter of Christopher Columbus Wilson, formerly head of the United Wireless Company, who died in the Federal prison here last night, late today telegraphed Warden Moyer from Lancaster, Texas, to prepare the body for shipment and hold it here pending her arrival. Uraemic poisoning was given as the cause of the death. Colonel Wilson was serving a three year sentence for using the mails in an attempt to defraud. He was 67 years old.

Colonel Wilson was stricken while reading in the prison library at 7:50 o'clock last night. He was removed at once to the prison hospital, where he died. Prison officials said today that Colonel Wilson had been enjoying good health up to the time he was stricken.

Colonel Wilson began serving his sentence on August 23rd, 1911. He was taken to New York last May by one of the prison guards, to testify in the bankruptcy proceedings instituted against the United Wireless Company. Several postponements of the case necessitated his being held in New York for more than a month, and it became known that the guard was allowing him a great deal of personal liberty during that period. Instead of being kept in the Tombs, he was permitted to stay in a private house. On one occasion, it is said, he was seen near his former haunts in Wall street. The Department of Justice took notice of these reports, and instituted an investigation. As a result, the guard was dismissed and early last month Wilson was returned to the Atlanta penitentiary.

We guarantee a good position to every teacher who completes her preparation at Littleton College. We have scholarships for young women desiring preparation to teach, who are without sufficient means. THE GAVEL FALLS ON 62ND. CONGRESS

Close Was Marked by Return of Harmony and End of Filibusters

LAFOLLETE WON HIS FIGHT

Penrose Campaign Fund Resolution Passed—State Claims Stricken From Deficiency Bill—Closing Scenes Animated

Washington, August 26.—Sobered by the embarrassments of Saturday's all-night session of filibusters and disagreements, Congress adjusted its differences today, invited President Taft up to the Capitol once more and at 4:30 o'clock this afternoon wrote "finis" after the proceedings of the second session of the Sixty-second Congress.

The end was marked with a return of harmony, and an end of filibusters. Senator LaFollette, demanding action on the Penrose Campaign Fund resolution, found all opposition smoothed away from in front of him, and the resolution passed almost without discussion.

Senators Chamberlain, Martin, Swanson and Culberson, after fighting bitterly for the payment of the 'State claims" embodied in the General Deficiency bill, yielded to the urgings of their colleagues and permitted the Senate to yield to the demands of the House, and strike these claims from the bill. In return for this concession, they received the promise of support next Winter when the claims again will be pressed for payment.

With these old claims, amounting in all to $600,000, went the "extra months" pay for Congressional employes which the Senate demanded and the House refused to give. In the last half hour of the session, while President Taft waited in his special room to sign the measures of the dying Congress, an attempt was made to rush through a special resolution giving the employe the "extra month," but the House again blocked it.

The President signed the General Deficiency bill at 4:10 o'clock, making certain the payment of the $1,800,000 deficiency in army pay, the $150,000 for the Gettysburg memorial celebration next year, the $350,000 for extension of customs work, and scores of other important payments that hinged on the passage of the bill.

The session just "fizzled out" in the Senate, to use the words of one observer. A comparative handful of members occupied their seats and a call for a quorum in either the House or Senate would have forced a return of the embarrassing situation of last week.

A wild outburst of applause greeted Speaker Clark's announcement of adjournment as his gavel fell in the House. The floor immediately became an animated scene, members bidding each other good-bye and shaking hands.

One-time political foes buried all differences and all feuds apparently were forgotten in the general leave-taking.

Further animation and color was lent to the scene when the women flocked down from the galleries to join husbands and fathers on the floor. The corridors were crowded with tired but happy members and their families and friends, and Speaker Clark's room was crowded with friends and admirers.

Just before he announced the adjournment Speaker Clark addressed the House:

"As the hour of adjournment approaches," he said, "the Speaker desires to congratulate the House on having reached the end of one of the longest and most laborious sessions on record. The chair believes that an indication of the record will show that Congress has been actually in session more days since December than any Congress that ever sat. The Speaker desires to thank all members of the House on both sides of the big aisle which separates us politically, but not as friends or patriots, for the uniform courtesy with which they have treated the Speaker. I hope that we will reach home safely, all having enjoyable vacations, and will all return refreshed and invigorated for our next Winter."

While waiting for adjournment time in the Senate late in the day there were an even score of Senators on the floor when a resolution for adjournment at 4:30 o'clock was put through and a recess was taken until 4:10. Then began a 20-minute wait.

Secretary of the Treasury MacVeagh was on the floor. He wandered about in the little group of Senators who were making their farewells and discussing campaign plans. In the center aisle Senator LaFollette and Senator Clapp were deep in discussion of the prospects for the Penrose-Roosevelt investigation. In his seat on the rear of the Democratic side Senator Ashurst yawned audibly.

Senator Nelson, of Minnesota, awoke the Senate for a moment to thank the presiding officers of the session, Senators Gallinger and Bacon. Senatorial dignity lost itself for a moment as the little group in the chamber applauded the speech. Senator Shiveley had passed a resolution thanking

TEDDY COMMENTS ON LOEB'S VISIT

Says There was Nothing Sinister in Former Secretary's Call

"THEY CAN HAVE ANYTHING"

Colonel Roosevelt Declares the Senate Campaign Contribution Investigating Committee Can Have All His Letters.

Oyster Bay, N. Y., August 26:—"They can have anything I've got at any time. They are welcome to any letter I have ever written to any human being on any subject."

This was Colonel Roosevelt's only comment tonight on the Senate's adoption of the Penrose resolution directing an inquiry into the Archbold-Penrose-Roosevelt controversy over campaign contributions. Colonel Roosevelt commented on the visit to him yesterday of William Loeb, Jr., "You know I didn't direct Loeb to go down to Washington," he said, when he read his declaration made earlier in the day that his former private secretary was ready to testify as to what he knew of the alleged $100,000 contribution of John D. Archbold to his campaign in 1904 and of the Harriman contribution of $260,000. "Mr. Loeb came to me. He told me that he had seen statements in the newspapers that he would be called upon to testify before the committee. In asmuch as he had been my private secretary and has a very strong sense of the confidential relations of a private secretary, he thought he would better speak to me before going to Washington.

"I told him to go ahead and testify to everything he could remember. I told him that if I was absent from Sagamore Hill he could come up here and get my letter books and take from them any letters that he wanted to place before the committee."

Colonel Roosevelt chuckled as he read the afternoon newspaper stories regarding the subject of campaign contributions.

"I could thank Archbold and Penrose for what they have done," he said. "They rendered me a great service."

There is one thing that Colonel Roosevelt asks the correspondents to make clear each time they visit him. That is that he does not say that the Standard Oil did not contribute $100,000 to his campaign fund in 1904, but that he did not know of any such contribution and that if it was given his campaign managers received it in violation of his explicit instructions.

The letter which Colonel Roosevelt is wrtting to Senator Clapp, chairman of the Senate Committee, was not finished tonight and he said he did not know when it would be done.

MAJ. STEDMAN NAMED.

One of House Commission to Investigate Foreign Tobacco Purchases

Washington, Aug. 25.—Representatives Flood, of Virginia, Stedman, of North Carolina, and McKinley, of Illinois, have been appointed House members of the newly created committee to investigate the conditions under which foreign governments purchase American grown tobacco.

OUTLINES

Attorney General Wickersham yesterday declared he would fight the attempt of the American Bar Association to oust his negro assistant, Wm. J. Lewis.

Members of the Senate and House yesterday adjusted all their differences and both houses adjourned sine die at 4:30 P. M. Senator LaFollette secured the passage of the Penrose campaign fund resolution and ended his filibuster.

Primaries for the nomination of State officers and members of Congress will be held in South Carolina today, and in view of the warm fight between Blease and Jones, candidates for Governor, a record vote is expected to be polled.

The Senate yesterday passed the Penrose resolution calling for a complete investigation of the campaign contributions of John B. Archbold and Geo. W. Perkins, and all transactions relating thereto between the two financiers and Roosevelt.

Acting under the provisions of the Postoffice bill, which received the President's signature Saturday night, the Postoffice Department issued orders Sunday to all first and second class offices to discontinue the delivery of all mail hereafter on the Sabbath.

"Bridgie" Webber's place, the gambling house where the murder of Herman Rosenthal was planned, was raided by the police last night, who found a poker game running in full blast. Commissioner Waldo will make public today a list of the owners who rent buildings for illegal purposes.

DRASTIC SUNDAY POSTAL LAW

Postoffice Bill Which Passed Congress Discontinues the Delivery of Mail on the Sabbath at All Offices.

(By Parker R. Anderson.)

Washington, D. C., August 26.—Acting under the provisions of the Postoffice appropriation bill which passed both Houses of Congress last week and was signed by President Taft Saturday night, the Postoffice Department yesterday issued orders to all first and second class postmasters discontinuing the delivery of mail between the hours of mid-night Saturday and mid-night Sunday of every week. The orders issued yesterday means that no mail of any character except that bearing a special delivery stamp will be delivered between the hours above mentioned. It is a killing blow to Sunday newspapers. Under the law Sunday morning papers which reach their destination Sunday morning or any time during the day, will lie in the office until the postoffice opens Monday morning.

Strong and vigorous protest reached Senators and Representatives here today, but they were of no avail, the bill having been signed by the President. There is no relief until Congress meets in December. In the meantime Sunday papers in North Carolina and others States outside of the larger cities seem to be eliminated.

Local boxes are not excepted in the law. The postmasters are forbidden even to put mail in lock boxes which are rented by the patrons of the office.

Every Important City Affected.

Washington, August 26.—All first and second class postoffices will be closed on Sundays as a result of one provision of the new postal appropriation bill passed by Congress and signed by President Taft.

Every important city in the United States is affected. Hereafter only special delivery letters will pass through on Sunday and no mail will be placed in lock boxes.

Postoffices in several cities have been closed Sundays heretofore. The Postmaster General has permitted that under a regulation where it was evident that local sentiment demanded it. The closing is now compelled by law.

Consternation in Raleigh.

Raleigh, N. C., August 26:—Amazement bordering on consternation developed here today when postmaster Willis G. Briggs announced the reception of instructions from the Postoffice Department at Washington, that go to postmasters all over the country, to cut out delivery of mails on Sundays in first and second class offices, the mail not to be even distributed into the boxes for the benefit of those renting boxes. The order is necessitated by a section of the appropriations bill passed by Congress and signed Saturday by the President. It is believed that great pressure will bring speedy revocation of this legislation.

S. C. PRIMARIES HELD TODAY

On Account of Hot Campaign and Fight Between Blease and Jones Record Vote is Expected to Be Polled.

Columbia, S. C., August 26:—South Carolina Democrats tomorrow will vote to nominate candidates for all State offices, for the United States Senate, for the National House of Representatives, for half the State Senate, for all county offices and for all members of the lower house of the State Legislature. Nomination is equivalent to election. The preliminary campaign has been very hard fought.

The chief issue has been between the candidates for Governor.

Cole L. Blease, the incumbent, is seeking re-election, and Ira B. Jones, of Lancaster, formerly chief justice of the State Supreme Court, is opposing him. Judge Jones resigned from the bench to make the race.

Senator Benjamin R. Tillman has two opponents, N. B. Dial and W. Jasper Talbert.

For Lieutenant Governor, C. A. Smith has no opposition. R. M. McCown, Secretary of State, J. E. Swearingon, State Superintendent of Education, A. W. Jones, Comptroller General and E. J. Watson, Commissioner of Agriculture, have no opposition. For Attorney General there are four candidates, J. Frazier Lyon, the incumbent, Thomas J. Peeples, J. R. Earle and B. B. Evans.

For State Treasurer the candidates are S. T. Carter and D. W. McLaurin.

Three candidates are seeking the office of Railroad Commissioner. They are:

John G. Richards, Jr., the incumbent James Cansler and J. A. Wharton.

In the First Congressional district Representative LeGare, is opposed by H. Leon Larisey. In the Second, Harry D. Calhoun is running against Representative Byrnes. In the third Representative Aiken is opposed by F. S. Evens. In the Fifth Representative Finley has two opponents, G. W. Ragsdale and W. P. Pollock. In the Sixth Representative Ellerbe is opposed by J. W. Ragsdale. Representative Leever in the Seventh and Representative Johnson in the Fourth have no opposition.

MARSHALL IN MAINE

Opens Campaign With Speech Condemning Protective Tariff

Portland, Maine, Aug. 26.—In his first political address since accepting the Democratic nomination for Vice President of the United States, Governor Thomas R. Marshall, of Indiana, condemned the protective tariff system before a Democratic mass meeting here tonight.

Governor Marshall was the first of the party leaders from outside the State to take part in the Democratic campaign preceding the State election on September 9th.

Because of the fact that liquor legislation had been a feature of Governor Marshall's administration, it had been expected by some Maine Democrats that the speaker might refer to the Maine prohibitory law.

Governor Marshall, however, declared, that he would not discuss local issues.

BRIDGIE WEBBER'S PLACE IS RAIDED

Was Gambling House Where the Murder of Rosenthal was Planned

POKER GAME FOUND RUNNING

Commissioner Waldo Will Make Public Today a List of Owners Who Rent Buildings for Illegal Resorts

New York, Aug. 26.—The gambling house on 42nd street, formerly run by "Bridgie" Webber, where the Rosenthal murder is believed to have been planned, was raided tonight by Police Inspector Dwyer, successor of Inspector Cornelius J. Hayes, recently reduced to the rank of captain by Commissioner Waldo. Although Webber, confessed accomplice in the murder, in jail, the place has been running for some weeks as an icorporated "poker club" by some of "Bridgie's" friends, it is said.

After two of Dwyer's men had entered the place a day or two ago and found a poker game in progress, warrants were procured and tonight the new inspector went over the head of the police captain of the precinct and lead the raid himself. A man described himself as Girk Brown, a clerk, was arrested and many decks of cards, poker chips and tables were confiscated.

Police Commissioner Waldo tonight promised to make public tomorrow a list of the names of the owners and agents of buildings rented for gambling houses and other resorts, which he has had prepared for use in the "Joe Doe" proceedings before Justice Goff to expose police corruption. This list, according to information obtained at police headquarters, contains the names of men high in social and financial circles of the city.

That the District Attorney would use the list for purposes of prosecution after the ownership of the illegally used property had been established by testimony before Justice Goff was made known today by a representative of the District Attorney. While it is expected that the excuse of the owners will be that they were not aware of the use to which their property was being put, the State expects to undermine this plea by demanding an explanation of the unusually high rents which they charged for the properties.

Commissioner Waldo's statistics show, it is said, that rents charged are in cases 50 per cent higher than for property used for other purposes in the same block.

This proposed prosecution of owners of illegal places is said to have been suggested by Justice Goff, as it is in his belief one of the most effective weapons that could be employed to clean up vice in New York city. A few such prosecutions with the accompanying publicity, would, in the opinion of the justice put fear of simlar exposure in the hearts of other reputedly respectable property owners, with the result that the number of illegal resorts able to find shelter would be greatly reduced.

The hearing of the vagrancy charge against Sam Schepps, entered against him in order to hold him as a material witness against Becker and his alleged tools, was today put over until next Tuesday with his counsel's consent.

Two Gunmen Arrested

Gloversville, N. Y., August 26.—Two men, one of whom is suspected of being "Lefty Louie," wanted in New York as one of the alleged slayers of Herman Rosenthal, are being held at Fonda, Montgomery, tonight, according to word received here. At the sheriff's office, however, definite information as to whether the prisoner is really the muchly wanted fugitive was withheld. A detective of a private detective agency is said to have traced the men to Fonda, where they had registered at the hotel as L. L. Goldenberg, of Brooklyn, and H. Krueger, of Patterson, N. J. Before the arrival of the detective in Fonda a waiter who had become suspicious of the men, notified the sheriff's office and the men were seized. They are being detained pending advices from New York city.

When asked regarding the reported capture of "Lefty Louie," the sheriff at Fonda refused further information than that he might have some definite announcement to make before morning.

A. W. M'LEAN NAMED

SEE DAUGHTER DIE IN FIRE

Parents Unable to Rescue Five-Year-Old From Burning Home

Greensboro, N. C., Aug. 25.—Standing outside their burning home at White Oak Mill village, 2 miles from Greensbaro, tonight, Mr. and Mrs. John Terrell, heard the dying moans of their 5-year-old daughter and saw the flames envelop her body, unable to render assistance.

The family of father, mother, and three children and another family were awakened shortly before midnight by neighbors crying "Fire!" The mother caught the baby in her arms while the father carried a 7-year-old son from the burning structure. Terrell attempted to return for the sleeping daughter, but was driven back by the flames.

POST-SEASON SERIES

Anderson Would Play Virginia and South Atlantic Winners

Anderson, S. C., August 26.—With the expectation of winning the Carolina Association pennant this year, Furman Smith, president of the Anderson club, has made proposals looking to a post-season series with the winners of the pennants in the Virginia and South Atlantic leagues. The Carolina season closes September 2nd and today Mr. Smith sent telegrams to the presidents of the other two leagues asking for the extra games. It is believed that overtures will be accepted.

BRIEF PRESENTED

Attorney for Eastern Railroads Prepares Exhaustive Argument

New York, Aug. 26.—William McKinley Duncan, attorney for the 52 railroads east of Chicago, today presented a lengthy brief to the arbitration board that recently heard the testimony of officials of the companies and of their engineers on the demands of the engineers for increased pay and changes in working conditions. The brief is an exhaustive argument against granting increased compensation, contending that the engineers' wages at present are full, fair and liberal. It says also that a standardization of rules is impracticable.

Valdosta, Ga., Aug. 26.—Colonel S. K. Ford, wealthy owner of Kentucky coal lands, and B. L. Hall, of this city, today announced the sale of about 1,000,000 acres of coal and timber land in Kentucky to a syndicate of English and Dutch capitalists, for $5,000,000. The deal was consummated at New York in a conference with agents of the foreign syndicate.

GREAT GAMES ARE EXPECTED

Line-up of the Two Teams Which Will Play Series Here Next Week—Anderson Comes Intact, Almost—The All-Stars

Following receipt of a telegram Saturday night, announcing that arrangements had been completed for the series of baseball games to be played here between the Anderson, S. C., club and an all-star team composed of picked players from the other five clubs of the Carolina Association, September 4th, 5th, 6th and 7th, Mr. Wm. Struthers, Jr., has received from Manager Thos. C. Stouch, of the Greenville, S. C., club, and who will manage the all-star aggregation, two letters, assuring him that the Wilmington fans may expect to see some of the best games played in North Carolina this season.

The letters from Mr. Stouch give the line-up of the two teams, and other information as to the contests. The two teams will meet in Charlotte September 3rd, the day following the close of the schedule in the Carolina Association, and will leave that city Tuesday morning at 5 o'clock of the same afternoon at 5 o'clock, arriving here over the Seaboard Tuesday about noon, or Tuesday night about midnight. The first game will be played Wednesday afternoon and another Thursday afternoon. Friday a double-header will be played, giving two games for one admission, and the concluding game of the series will be played Saturday afternoon.

The Anderson team, Mr. Stouch says, will come intact, with possibly the exception of Pitcher Wolf, who has been sold to the Cleveland club, in the American League, and who may have to report to that club at the close of the season in the Carolina Association. As for the all-star team, the players who compose it will be the pick of the Carolina Association, and they will undoubtedly give the Anderson aggregation all that it can handle.

The line-up of the two teams, as given by Manager Stouch, will be as follows:

Anderson—Kelly, ss; McCarthy, cf; Laval, rf and p; Owens, 2b; Damarau, 3b; Crompton, lf; Glieshman, 1b; Milliman, c; Callahan, c and cf; Ramsey (Mgr.) p; Hogue, p; Wolf, p; Fittery, p.

All-Star—Malcolmson, Charlotte, c; Stuart, Greensboro, c; Miller, Charlotte, p; Stewart, Winston-Salem, p; Frye, Greenville, p; Eldridge, Greensboro, p; McMillan, Charlotte, cf; Haddow, Charlotte, 3b; Osteen, Charlotte, ss; Agnew, Charlotte, 2b; Lister, Charlotte, 1b; Boyle, Winston-Salem, p. The above is the personnel of the All-Star team as composed at present, and as it will appear here with possibly one or two changes. Mr. Stouch states in one of his letters that he will bring Umpire Chestnut, who is considered the best umpire in the league.

Steps will be taken to get League Park into first-class condition for the games and nothing will be overlooked that will aid in making the series a contest of the first water. The Tidewater Power Company will furnish ample transportation facilities for all the games. Wilmington fans are already congratulating themselves over the opportunity to witness once again some real professional baseball, and the attendance at the games will no doubt remind one of the old days when the East Carolina Association was in its prime.

WOMAN CATCHES THIEF.

Quick Wittedness Responisble For Arrest of Escaped Embezzler.

Baltimore, August 26:—The quick wittedness of an Alabama woman visiting friends here caused the arrest today of John Monroe Lammons, 30 years old, formerly superintendent of education of Geneva county, Alabama, who is in wanted in Montgomery, Ala., on the charge of embezzling teachess' salaries and school funds to the amount of $11,000.

Lammons escaped one week ago from the Montgomery jail, where he had been confiend awaiting trial, though he was allowed the freedom of the building. When arraigned at local police headquarters he admitted that he was the man wanted and said he was willing to return to Montgomery without requisition papers.

While walking along the street this morning Lammons was recognized by the Alabama woman. She avoided being seen by him, went to a telephone and called up the detective bureau. Half an hour later detectives saw a man answering Lammons description sitting in the lobby of a hotel. He at first denied his name was Lammons, but when told of the charges against him admitted his identity.

SEC. MEYERS ILL

Taken Sick on Dispatch Boat En Route To Newport

Washington, Aug. 26.—Secretary of Navy Meyer was reported tonight to be ill on board the dispatch boat Dolphin on the way from New York to Newport. Secretary Meyer arrived at the Brooklyn Navy Yard on the Dolphin yesterday, planning, it is understood, to visit the yard today. Word was sent ashore from the Dolphin during the day, however, that Mr. Meyer was not in good health and had given up the idea of going ashore. The Dolphin sailed late in the afternoon for Newport.

It was said at the Navy Yard tonight that the nature of the Secretary's illness was not known, but it was not believed to be serious. Mr. Meyer was seized with a slight attack of typhoid in June and has not been in full health since.

Flying Men Fall
victims to stomach, liver and kidney troubles just like other people, with like results in loss of appetite, backache, nervousness, headache, and tired, listless, run-down feeling. But there's no need to feel like that as T. D. Peebles, Henry, Tenn., proved. "Six bottles of Electric Bitters," he writes "did more to give me new strength and good appetite than all other stomach remedies I used." So they help everybody. It's folly to suffer when this great remedy will help you from the first dose. Try it. Only 50 cents at R. R. Bellamy.

..Theatrical..

There will be great rejoicing among amusement lovers in general when it is learned that the popular Bijou, the home of solid comfort, as well as big and noble entertainment—all for the small sum of 5 cents, afternoon and night, will today offer a great baseball film. Could there be anything more in keeping with the times, anything that will furnish more up-to-date amusement and sparkle with zest than such an offering?

Well, hardly, and so the Bijou will no doubt, be packed today. This film is not only one of excitement, but of information, and it is called "The Baseball Industry" for that especial reason. As a matter of information, something all will delight to learn, will be shown how the regulation baseball is made and the scenes are most entertaining as well as instructive. Then will come scenes of the last great series between Connie Mack's American champions of the world and the great Washington team, just after the latter returned from its record-breaking triumphs in the West. Scenes from the games at Shibe Park when the Mackmen trimmed the Washington players are shown. Home Run Baker is displayed in all his swatting glory. It is a film all should behold.

Among the other star films for today, and there is quite a big list, will be the greatest fun photoplay in years. Its very title is ludicrous. It is called "A Corner in Whiskers," and the story is a rib-tickler of the most vigorous type. It will be a scream all the way through. The other pictures on today are just as merry.

Remember, too, the Bijou is the joy spot for comfort. It is always cool, no matter how warm the weather, and it is perfectly ventilated, its ventilating system being a marvel.

At The Grand Theatre.

Something decidedly sensational and thrilling will be offered at The Grand Theatre today, both of the feature films being of this character while a third will lend variety in a dramatic way to the afternoon's and evening's offering. Three big pictures, music and an always cool and delightful house is just as much as is offered anywhere in the world for five cents and Grand patrons are learning this lesson and telling their friends.

"The Sketch With The Thumb Print" is a portrayal of a gripping newspaper story showing how a reprimond from the city editor puts a reporter sufficiently upon his metal to make him "dig up" a live story where apparently none existed. There is a crime and a thumb print and some clever detective work, all holding the interest and attention of the auditor to the very last moment. "The Deputy's Peril" is the other topliner for today and this is the sensational portrayal of Roger West, U. S. Marshall, who is sent to the Kentuck hills to trap a band of counterfeiters. Bess Adams, a rustic beauty, plays an important part in the action of the play as the spectator will agree when the photoplay is unfolded.

The third picture will be found equally as attractive. There is always variety and completeness to Grand bills and the amusement lovers of Wilmington would do well to bear this in mind.

TAFT TIRED BUT HAPPY.

President Leaves White House For Extended Vacation.

Washington, August 26:—Within an hour after the adjournment of Congress today President Taft was on his private car bound for Beverly and a vacation he expects wil be broken but little until December. The White House tonight was practically deserted, for Major Thomas L. Rhoades the President's person aide; Assistant Secretaries Forster and Brahany, and most of the office employes left with the President. Summer offices will be opened there at once and probably most of the force will remain in Beverly until late in October.

The President left a tired but happy man. Although he will have only twenty-four hours of vacation before he leaves to fulfill an Ohio engagement, he expects to have a long morning on the golf links at Myopia and several motor rides. The President will return to Washington for a day stay early in September and once again later in that month to keep engagements made long ago, but, he did not expect to spend many days in the White House again until election time. He probably will receive the returns in the White House. Later he plans to spend a few weeks at Hot Springs, Va.

The President had almost lost hope of getting away tonight when he left the executive offices at luncheon time. When he was informed that there was a good chance of adjournment he ordered his automobile brought to the White House door immediately, and as soon as luncheon was finished he proceeded to the capitol.

Only a few resolutions and bills were waiting for his signature and many Senators and Congressmen dropped in to say good by.

The President's pleasure at the prospect of getting away was unmistakable and his laugh was evident frequently. He signed the last bill laid before him with a flourish and a sigh of satisfaction.

Rome, Ga., Aug. 26.—While Mrs. Cicero Hammond, wife of a prominent farmer, was tucking his children, aged three and five, in bed last night, a bolt of lightning leaped from a tree through the open window, melted the bedstead and set fire to the mattress. Mrs. Hammond suffered serious burns, but the children escaped injury.

New Orleans, Aug. 26.—Frankie Russell, a local lightweight, won a newspaper decision over Joe Coster, of Brooklyn, in a 10-round bout here tonight.

Trainmen Prepare For Conference With Railroad Managers

Atlanta, Ga., Aug. 26.—H. A. Dox, representing the Brotherhood of Trainmen and W. M. Hamilton, of the Order of Railway Conductors of this district, left today for Washington to prepare for a conference with the General Managers' Association of railroads of the Southeast, relative to the demands of their organizations.

The first work of the general committee of the railroad employes will be to assemble the strike vote taken on 26 lines in the Southeastern territory. In the event of failure to reach an agreement with the General Managers' Association the committee will be governed by the result of the vote.

Railroad men in this territory claim they are in favor of a strike only as a last resort.

FLOOD IN ENGLAND.

Rains Continue to Fall—Several Counties Are Swamped.

London, Aug. 26.—The flood situation in England is becoming increasingly serious. Six inches of rain fell today.

The city of Norwich, on the Wensum, 98 miles northeast of London, is almost isolated. All train service between London and Norwich and Cromer has been suspended, and many local services are affected. The entire county of Norfolk is a swamp, and Lincolnshire, Suffolk and other eastern counties are in an alarming condition. Everywhere crops are being destroyed by the swollen rivers and there is no sign of cessation of the rains.

New York, Aug. 26.—Kid Williams, the Baltimore bantam-weight, punished Kid Kelly, of New Orleans, so severely in a fight at Madison Square Garden tonight that the referee stopped the bout in the ninth round. Arthur Pelky, of Chicopee, Mass., outfought Sailor White, a Brooklyn heavyweight, in a 10-round bout.

Nashville, Tenn., Aug. 26.—United States Senator Newell Sanders, who obtained his place recently by appointment, announced tonight he would not be a candidate for re-election. He said he would devote his time this Fall to the candidacies of Governor Hooper and President Taft.

Lynchburg, Va., August 24.—William Browning, of Crane Creek, W. Va.; John Hess, of Welch, W. Va., and an unknown man were killed today at a new plant of the Pochahontas Consolidated Collieries Company, on the Tug river by the explosion of the boiler of a saw mill engine.

DAY'S DOINGS IN RALEIGH

Maj. W. W. Peirce for Adjutant General—Supreme Court Convenes—Farmers' Convention Today—Death of Veteran

(Special Star Correspondence.)

Raleigh, N. C., August 26.—There was a special delegation here this morning in the interest of the appointment of Major W. W. Peirce, of Goldsboro, as adjutant General of the North Carolina National Guard to succeed the late Adjutant General Leinster.

The delegation included George A. Norwood, Jr., president of the National Bank of Goldsboro; Editor J. E. Robinson, of the Goldsboro Argus; Capt. S. Cohen and Lieut. N. R. Morgan, all of Goldsboro. Major Peirce is a young lawyer of Goldsboro, who has had considerable service in the Guard and in the regular army. It is understood that he will gladly take the place for the four months' period remaining of the Kitchin administration without any assurance as to reappointment by Governor Craig. It is expected that the Governor will announce his appointment now at any time.

The North Carolina Supreme Court convened today for the Fall term of 16 weeks, devoting the first day of the term, as usual, to the examination of applicants for license to practice law. Seventy-four undertook the examination, three being negroes. The examination consists of 66 questions that were prepared by Chief Justice Walter Clark. The examinations were held in Representatives Hall. All members of the court were here for the opening today. The appeals from the First district will be called for argument tomorrow, there being 24 of them.

Chief Justice Walter Clark, who is in the race for the United States Senate against Senator Simmons and Governor Kitchin, made five campaign speeches last week, that being the busiest week, in the matter of speech-making, the Chief Justice has had. The opening of the Supreme Court will put a considerable brake on his personal effort in the campaign, but he will still get out into the State the first and last days of the week for speeches from week to week. He will be able to get out the latter part of the week as arguments for different districts are concluded and get back in time for the opening each Tuesday morning. His friends say that in view of the fact that for many years he has written decidedly the larger number of opinions of the court will fully warrant him, if he sees fit, to take only the writing of a limited number of the opinions during the campaign period.

The Ellis Carriage Works, of' Kinston, received a charter today with $150,000 capital by J. H. Ellis, L. M. Laroque and Horace West for manufacture of vehicles and office and bank fixtures. There was also a charter for the Banner Fertilizer Co., of Banner, Johnston county, capital $50,000 authorized and $10,000 subscribed by Alonzo Parrish, J. H. Godwin, W. D. Boon and others.

At the A. & M. College tomorrow there will convene the annual farmers' convention that has come to be a very valuable event for hundreds of farmers from all parts of the State who come together for exchange of views and experiences and for hearing experts in various farm problems on farm methods. The indications are for a good attendance and the programme is one which gives promise of special interest and value. The farmers are provided with dormitory and dining room service at the college at a nominal price.

At his home in this city yesterday W. A. Lamb, a Mexican and Civil War veteran, died aged 85 years. He also fought in the Indian wars in the Dakotas. He leaves a wife and one child.

Mr. W. J. Andrews, patron of the annual North Carolina Fiddlers' convention, held each Labor Day in Raleigh, says there are twelve entries already for the contest, which is always held in the Pullen Hall at the A. & M. College.

The Lumberman's Mutual Insurance Co., of Mansfield, Ohio, was chartered today to do business in North Carolina, with North Carolina headquarters in Newbern.

Hon. E. L. Daughtridge, Democratic nominee for Lieutenant Governor of North Carolina, is in the city conferring with State Chairman Chas. A. Webb and others, as to his appointments for campaigning. He is ready to get right into the fight and will begin his speech-making trips just as soon as the appointments can be arranged.

About 2 o'clock Sunday morning there was a bout pulled off just outside the Raleigh city limits in which there was a test of the prizefighting prowess of James I. Johnson, Jr., son of Mayor James I. Johnson, of this city, and "Saulty" Richardson, a well-known young man of this city. The "fight" was kept a secret but quite a company of friends of the two young men went out in automobiles to witness the bout. The outcome was somewhat to the advantage of Richardson, Mr. Johnson getting a split lip and a number of severe bruises, mostly about his face.

For 23 years past H. B. Greason has been superintendent of the Raleigh Cotton Mills and he has just received from the board of directors a handsome silver service as a testimonial for faithful service. The mill of which Mr. A. A. Thompson is president is prospering to a gratifying degree.

The bids are to be opened and the contract awarded very soon now by the government for the $250,000 addition to the Raleigh government building. The addition is to about double the size, the present architectural lines to be observed. The west wall of the building is to be taken out and the addition made to that side. Also the floors in the present building are to be taken out and replaced with steel and concrete construction, making the structure completely fireproof. This work will necessitate the vacating of most of the building for a year or more. This condition gives rise to the talk of the possibility of the internal revenue department being temporarily removed to Columbia in connection with the consolidation of the South Carolina revenue district with that of Eastern Carolina. No official information as to this consolidation has yet come from Washington to the revenue offices here.

Governor Kitchin announces a reward of $250 for Ed. McIntyre, the High Point man, wanted for sending by express to a young society woman of that city an infernal machine that exploded and seriously injured the express agent and a clerk who opened it on account of erroneous address.

A well-loaded special train of seven cars came in tonight from Elizabeth City, bringing over 300 farmers for the State Farmers' Convention that opens tomorrow at the A. & M. College. Hundreds of farmers are coming in from other sections and the convention is certain to be the biggest and most important ever held at the college. Practical farm methods are to be featured.

This afternoon a warrant on the part of the City of Raleigh against the Wake Water Co., was served on President Julius Lewis, of the company, citing his appearance August 27th in the police court to answer the charge of unlawfully and wilfully serving unfiltered water to the people of Raleigh for domestic and drinking purposes. This is the first step on the part of the Board of Aldermen, looking to the condemnation or confiscation of the water plant in the event the company fails to make enlargements and improvements. For some time the water supply has been so low that water has been pumped directly from the creek into the reservoir and served in the mains without filtration. Mayor Johnson and Alderman Alexander Webb and Supt. W. W. Robbins, of the water plant, are among the witnesses for the prosecution. Alderman Webb, chairman of the water committee, is out in a card advising citizens to refuse to pay water rent for the present quarter.

An appointment of adjutant general to succeed the late general Leinster was expected to be made this evening but was at the last minute deferred, pending a campaign trip that will take Governor Kitchin from the city for several days. He left tonight indicating that at least for the present he will continue Major Gordon Smith as acting adjutant general. Also he has been advised that a delegation from Greensboro and elsewhere wish to appear and urge the appointment of Major Glenn Brown, of Greensboro, and they will be heard. The appointment seems to lie between Major W. W. Peirce, of Goldsboro; Major J. J. Bernard, Raleigh, and Major Glenn Brown, of Greensboro.

EXPRESS MESSENGER CARR.

Gives $1,000 Bond at Asheville—Locke Craig Returns From Laurenburg.

(Special Star Correspondence.)

Asheville, Aug. 25.—E. F. Carr, the express messenger who has been in jail here for the past week or ten days on suspicion that he had something to do with the robbery of his car, has been released, having been admitted to bond of $1,000, which was furnished by people of Marion, where he young man lives. He waived examination and his case will be tried at the next term of court for the trial of criminal cases. The three railroad detectives, W. B. Thomas, H. Scott and T. Watts, who were charged with having taken Carr from the jail Friday without a judicial order, have been cited to appear at the October term of court by Judge Long. Carr's attorney W. G. Fortune, charged that they had taken the young man from the jail for the purpose of putting him through the third degree.

Carr told on the night of the robbery that he had been held up by a masked bandit, forced to open the safe door and then made to get into a large trunk. The story evidently appeared rather improbable to the detectives and they questioned Carr to such purpose that he told several stories about the matter. He was then arrested and since then the detectives have ben making further investigation, but they have been unable to locate the money.

Hon. Locke Craig, Democratic nominee for Governor, has returned from Laurinburg where he opended the State campaign. The next Democratic meeting in which Mr. Craig will participate and which will probably be the largest in the State, will be at Weaverville on the 31st. This meeting has been arranged by County Chairman J. E. Swain and he has appointed a commitee on arrangement. The whole programme will be on a grand scale. There will be a barbecue of proportions to feed 5,000 people. It will be held at the old Weaverville camp ground.

Besides Mr. Craig, Congressman Thomas J. Heflin of Alabama will speak and possibly Ollie James of Kentucky. The speaking will be an all day affair and will begin at 11 o'clock.

CLARK AT MOUNT OLIVE

Chief Justice Makes Good Impression In Speech Saturday Afternoon

(Special Star Correspondence.)

Mount Olive, N. C., August 26.—Saturday afternoon at the city hall here Chief Justice Walter Clark addressed a large, representative and appreciative audience in a speech of an hour and a half, discussing the subjects pertaining to his candidacy for the U. S. Senate, and with becoming grace and dignity discussed the public records of his two opponents, Senator Simmons and Governor Kitchin, in a manner that could not offend the most ardent and sensitive admirers of these gentlemen. It was apparent from the applause which greeted several statements of the distinguished Chief Justice that a large number in the audience were with him, and it is believed that he has won further support by his magnificent speech here.

Immediately after the speaking a splendid gentleman from the country, who has voted the Republican ticket for years, came forward and declared it as his intention to vote for Woodrow Wilson and Walter Clark in November. He is a Confederate veteran, and was noticed in the audience paying close attention to Judge Clark's discussion of the tariff and pensions. Sentiment here appears to be divided between Senator Simmons and Judge Clark.

Air is food for the lungs as bread is food for the stomach. More millions of people die from want of lung food than from a deficiency of other aliment.

MANY IN THE MOUNTAINS.

Western Carolina is Alive With Visitors—Effect of Advertising.

(Special Star Correspondence.)

Asheville, Aug. 25.—Never before have there been so many visitors to the mountains of Western North Carolina. Not only is Asheville filled almost to capacity, but all the smaller towns are over flowing with them and there is scarcely a farm house in the section where there are not tourists. This is due in some measure perhaps to the late season. The rain and cool weather during the first part of the Summer kept many away then and it has caused all the more to come at this time.

But there has been more advertising done than ever before. The usual publicity campaign has been carried on by the Asheville board of trade, but this season this has been augmented by the extensive advertising of the recently organized Greater Western North Carolina Association, which has advertised not only Asheville but seven counties in the Western part of the State directly and the others indirectly. Approximately $10,000 has been spent by this organization and it has brought results. Then there have been broad advertising campaigns carried on by the various railroads which profit by traffic to the from this section. The Southern especially has given atention to Western North Carolina. At a recent meeting of the Greater Western North Carolina association executive committee, it was stated by one of the railway officials that their passenger business to this section had been increased 40 per cent this year over last.

At one time it was reported here that people had been turned away from Asheville for want of accomodation; but this was unfounded; although some tourists did have trouble in getting hoel accomodations until they could get a boarding place.

At one popular hotel in one of the Western counties the management has had to provide tents and the hotel has entertained over 4,000 guests this season.

From now on the Western part of the State will not have to give so much atention to getting tourists as to the accomodation for them after they get here.

CLEMENT GRADED SCHOOL.

Wallace Educational Institution Began New Year's Work Monday.

(Special Star Correspondence.)

Wallace, Aug. 26.—The Clement Graded School, Wallace, began the Fall session this morning with a total enrollment of 104. After the opening exercises, at which quite a number of patrons and friends were present work of classification was begun, preparatory to getting down to regular class work Tuesday morning.

Mr. J. D. Beaty, of Lancaster, S. C., is superintendant of the school, ably assisted by Misses. Susie Boney, Ruth Williams, Anna Clement, Charlie Westbrook and Maude Sutherland, the later in charge of the music department.

Knight's Big Excursion to Columbia.
The Best of All the Big Ones.

Columbia, S. C., is admirably situated to afford pleasure to the many whose limitations in time or money are admirably met by its remarkable accessibility and by the convenient and inexpensive means of travel made possible by this excursion train. Here are pleasures to suit the taste of every comer, for the keynote to the character of Columbia is cosmopolitanism. A trip to this delightful city lingers in the memory to brighten the stress ful days of a less happy season. It is a center that attracts thousands of visitors every year—visitors who, after once experiencing its generous hospitality, return loyally, year after year. No sober prose can do justice to Columbia. It needs the inspired pen of the poet to adequately sing its mighty praise. No other city can outrival it in civic pride, energy and intelligent enterprise. Its homes and streets bespeak not only the wealth of the community, but a degree of taste not often found in similar communities. This promises to be the most convenient, delightful and satisfactory excursion ever devised. If you have friends in Columbia, take this chance to visit them. Train will leave this point via the great Atlantc Coast Line Tuesday, August 27th, at 7:00 A. M. and will leave Columbia Wednesday, August 28th, at 9:00 P. M. The round trip from here is only $2.50.

Specific Blood Poison

Specific Blood Poison is the most insidious of all diseases. It begins usually by a tiny sore which is the only outward evidence of its presence. But down in the blood the treacherous poison is at work and in a short time its chain of symptoms begin to crop out. The mouth and throat ulcerate, skin eruptions break out, sores and ulcers appear on the body, the glands in the groin swell, and sometimes the hair comes out. Mineral medicines cannot cure Specific Blood Poison; they only shut the disease up in the system to smolder and await an opportunity of breaking out afresh. The only possible way to cure the disease is to remove the germs from the blood. S. S. S. goes into the circulation and removes the last trace of the infectious virus, tones up the stomach, bowels, kidneys and all portions of the system, and thus makes a perfect and lasting cure. S. S. S. is made entirely of roots, herbs and barks; it does not contain a particle of mineral or other harmful drug. Thousands have cured themselves of Specific Blood Poison by the use of S.S.S. It will cure you if you will give it a trial. Special Home Treatment book and any medical advice free.

WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates, or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Tuesday, August 27, 1912.

Good-bye, political intrigue. Remember the dictagraph!

Some men pull others down in order to get a pull with the people for an office.

When the truth hurts some men bitterly deny every word of it that is told about them.

There seems to be a considerable lot of lying in camp on the eve of the battle of Armageddon.

If Teddy is fond of wearing a rose in his button hold he has reason for not carring to display one of the Penrose variety.

The Petersburg Index-Appeal calls the men of its town Petersburgans. Come to think of it, that is better than to call them Petersburglars.

It might not be unreasonable for a few men to lie on the Ex-President but it is quite improbable that everybody is lying on him to beat the band.

The best way to do is acknowledge the corn and turn over a new leaf about using slush funds in politics. We are in favor of the penitentiary for election buyers.

A Georgia negro who has been prohibited from begging has taken to preaching. Thus he will have others begging for him. People with versality rarely ever get left.

A port which has several railroads ought to have efficient water terminals to complete its efficiency as a distributing point with the advantages of both water and rail transportation.

The Jacksonvile Times-Union quotes the Columbus (Ga) Ledger as saying to Democrats: "Let us get together." All hands certainly ought to be willing to get together, but the innocent bystanders should be notified beforehand.

A veteran politician when being reminded of something he had done, shrugged his shoulders and replied: "Huh! In three years the people forget every blasted thing you do!" They even refuse to believe it in the very face of proof.

The simple truth is they are running the Bull Moose a tight race for the money which elected him in 1906. All Republicans, all Democrats and all Bull Moosers who attempt to currupt the voters of this country with money ought to be run down and kept down.

There is a rumor that William Randolph Hearst is going to support Theodore Roosevelt. That would seem odd, since no announcement has been made that the Third Termer has ever apologized to that newspaper statseman for accusing him of having been the cause of the assassination of President McKinley.

President Taft saved the Commerce Court with his veto. The first notable instance of the judicial recall failed to get past the President. He insists on being a reactionary as well as a standpatter. Taft will be beaten out of his boots in November but he proposes to wear them to the last ditch. Grim determination is one of the President's virtues even if putting his foot in it is one of his faults.

Everything goes up in a growing town. If everything were going down people would move out for the same reason that rats desert a sinking ship. When a town is going forward and things are moving upward it is a sign that the town has jumped the track that runs along old ruts. If your town is going forward move up yousself and keep up with the procession. Get in the new groove and give the hustlers a neck and neck race for their money.

"CRAZY AS A BEDBUG"

Colonel Henry Watterson, of the Louisville Courier-Journal, after painful effort to keep up with the political antics of one of the most distinguished of the Presidential candidates, has come to the conclusion that something is wrong with him. It really seems so to a man up a tree, viewing the spectacular features of the campaign. However, it is a serious matter, but the Norfolk Virginian-Pilot treats it in a light vein, by remarking: "In declaring that the Third Termer is 'as crazy as a bedbug,' the Louisville Courier-Journal does great injustice. An apology is due—the bedbug."

Let us be a little more serious in a matter which really assumes a grave aspect. Colonel Watterson really believes that the Third Termer has done things and said things that a normal and rational man would not do and would not say. There may be method in the madness of the Bull Moose, but we fear that a specialist could write a book and sustain the brilliant and distinguished Kentucky editor by recording the singular acts and queer sayings of the subject under discussion, and showing that they were done and said by a man who was not operating his equilabrator at the time.

To say that an individual is "as crazy as a bedbug" requires evidence of a mental condition just as allegations in law require proof to sustain them. President Taft has been accused of everything except being nutty, but there would be strong evidence against him if he were to be caught out on the White House lawn doing his best to get on the inside of a quart cup. That surely would be some evidence, but in cases like that, and in many other particulars, specialists might be floored by any defendant who could prove an alibi by showing that a banquet had been attended.

We have heard much about the Millennial Dawn, but beyond the fact that for hundreds of years some have hourly expected it and that many believe that it is now at hand, it would arouse suspicion if Senator LaFollette were to begin to address vast audiences and declare and reiterate and vociferate to this effect: "We stand at the Millenium. She is here! I am leading the Millennial procession. Fall in!" Of course, the Senator's sanity would be suspected, and if he were to keep it up, it would be a case for the doctors.

Nevertheless, we have a Presidential candidate who is declaring in the face of the intelligent people of the Republic: "We stand at Armagedon!" "This is the battle of the Lord." "We are fighting the battle of the Lord!" That has been declared and repeated again and again by ex-President Roosevelt in this campaign. What does he mean? Does he take himself seriously, or is he appealing to superstition or religious prejudice? Is the ex-President guilty of sacrilege, or, forsooth, does he believe that we are on the eve of the fulfillment of prophecy concerning the "battle of Armageddon?" Let us calmly consider what Armageddon means. Turn to Revelations XVI-16, and read it for yourself. However, in this instance let us quote from Webster's Unabridged Dictionary, as follows: "Armageddon.—The place of a great battle to be fought out on 'the Great Day of God' between the powers of good and evil; symbolically named, probably, with reference to the battlefield of Megiddo. Rev. XVI-16."

Well, now, here, you read Revelations and, if you can get hold of it, also read a book entitled "Armageddon," in which the author undertakes to interpret the marvelous prophecy in Revelations. The book entitled "Armageddon" was written many years prior to the American Civil War and its author held that the 1860 or 1861 period would be Armageddon. Another prophecy interpreter took up the subject and replied to the first author, holding that prophecy foretold the great American conflict but he demonstrated that the prophecy as to Armageddon was to be fulfilled in the remote future.

Now comes Colonel Roosevelt who interprets that this political crisis is Armageddon. Armageddon itself means the "battle of the Lord." He declares that "We stand at Armageddon." He asserts that "This (the Presidential campaign, we presume) is the battle of the Lord," which is to say that it is "the Great Day of God," foretold in Revelations.

Now what is the matter with Theodore Roosevelt? If we were to take to the stump and set up a similar claim, as sure as fate the police would gather us in and if we kept harping on it we would be landed in the lunatic asylum at Raleigh. That is exactly where we should be sent if we got to ranting around making such a claim.

Now let us seriously inquire what Colonel Roosevelt would have the people of this country believe. It is that we are to consider that this is Armageddon and that he is the chosen leader of God to fight the battle of "The Great Day of God," in accordance with sacred prophecy. He would have us believe that he is God's appointed general to lead the hosts of Christ against the oncoming cohorts of Anti-Christ. Does he believe himself to be the appointed one to fulfill prophecy and stand at the head of all Christendom as God's representative in the triumph of good over evil?

What is the matter with Teddy? We pause for a reply.

BIG IMPROVEMENTS AT SOUTHERN PORTS.

The Manufacturers' Record delares that "the South is getting ready to realize upon its potentialities in the world's commerce." In its issue of August 22nd that great Southern journal points to the development of the various ports of the South and refers to their preparations in anticipation of the new routing of the world's commerce upon the opening of the Panama Canal. Since Wilmington and Southport are specially concerned in what is said, let us quote from the Record:

"The South is geting ready to realize upon its potentialities in the world's commerce. At many ports extensive improvements are under way—at some points to take care of increasing trade, and at other points for the creation of new trade. Two weeks ago some details were given of the plans for the creation of a new port below Mobile with great warehouses and terminal facilities to be established, the officers of the company being conected with the General Electric Co., and the general understanding being that the Alabama company is financialy backed by the Electric company with its vast command of capital. Today we are publishing the story of how some of the strongest financial forces of New York have undertaken the establishment of a port on the coast of Texas, designed to be entirely free, as not even a nominal charge is to be made for wharfage. The men back of this enterprise command practicaly unlimited capital, and in carrying out their undertaking promise to set a new pace for the development of port facilities, for warehouses and economic methods of handing cargoes. A few weeks ago we told the story of how the expenditure of $5,000,000 at Texas City, which, under the leadership of Chicago bankers and some of the capitalists identified with the Westinghouse interests of Pittsburgh and others, has within the last few years developed an export trade of $100,000,000 a year, though these exports are still classed by the Government under Galveston. At Texas City there is a warehouse system over 5000 feet in length, thoroughly modern and fireproof, and provided with every facility needed for the cheap and expeditious handling of inward and outward freight. At Galveston large extensions of wharves and warehouses are being made. New Orleans is likewise following the good work, and is increasing its wharfage and warehouse facilities. At Charleston a $500,000 coal pier is to be immediately constructed by the Clinchfield road for handling bunker and export coal. In addition to this, a considerable amount will be expended in trackage and yard improvements at that point in connection with plan for coal shipments. The Clinchfield line has also taken over Southport, N. C., with its splendid harbor, and doubtless has plans in mind for large developments there as the trade situation may demand. The Chesapeake & Ohio Railroad is receiving bids on a new coal pier to be built at Newport News at a cost of $1,500,000. Extensive harbor improvements and increased warehouse facilities are being projected at Norfolk and Jacksonvile, Tampa, Pensacola and Key West and other Florida points."

The water terminals of Wilmington have been vastly improved within the past few years, and during this season some of the private terminals have been made equal to any at any American port. We speak with special reference to the extensive compress teminals of Messrs. Alexander Sprunt & Son, cotton exporters, which for facilities and extent are not equalled on this continent. Railroad terminals here have been vastly improved, and water front manufacturing establishments have considerably added to their facilities. We cannot go into details here, but we only mention this to show that the enterprising exporters, importers and manufacturers of Wilmington have made preparations which will take care of a much greater commerce at this port.

These water terminal improvements mean that, in connection with Wilmington's excellent railroad facilities, the present time finds that the port of Wilmington occupies greater importance than ever as a distributing point, with its ocean gateway facilities more ample than ever and railroads better equipped and more keenly alive to their opportunities and the needs of the country than at any period in their history.

Wilmington now has fine facilities for exporting and importing by establishments which have wharves and piers and slips in front, and railroad facilities alongside for interior shipments. Thus they are prepared to receive and distribute, going and coming, by both water and rail, just, for instance, as is being done by Wilmington's extensive cotton exporters and the great fertilizer establishments which constitute a big feature of the industrial system of the city. It means a great deal when we say our factories can receive their rew material by the cargo and ship finshed products by the trainload right from their plants. The one thing lacking are the municipal or publicly owned terminals contemplated at this port. They constitute the key to the ocean poentialities of the port, and let us here quote this reminder from the Record:

"Every Southern port which expects to gain its share in the increasing trade through the South to other lands must show its own faith by its own development work. It must provide warehouse and terminal facilities in keeping with those which are being planned for the new ports that are being established by great capitalists, and the importance of which in drawing trade has been so thoroughly demonstrated by Texas City. All along the South Atlantic and the Gulf Coast there is an awakening to the vast commercial possibilities of the South. Men are catching a vision of the increasing commerce which the South would develop even if there were no Isthmian Canal, but in the light of the early completion of the Panama Canal it is seen that these Southern ports are to be the strategic centers in the world's commerce.

Nothing more need be said to emphasize an opportunity that we should seieze in order to magnify the port of Wilmington as a strageic point in the commercial revolution which is to take place when the Isthmian Waterway opens a new inter-ocean trail for the ships of the world.

When a polotician attemps to lead a reform movement it should never be one who is on the defensive himself. Too much of his valuable time would have to be taken up in efforts to keep off the flies.

CURRENT COMMENT.

Whether it cost the backers of Mr. Roosevelt $3,000,000 or a third or tenth of that sum in their attempt to capture the Chicago convention, enough was certainly spent to make it worth investigation; and so of the cost to hold the convention for Mr. Taft. By all means let this Penrose lead be followed up.—New York World.

A beggar in Atlanta is said to own a house and lot and to have $1,500 in the bank. He is a South Carolina negro and lost both legs in a railroad wreck, therefore the public chipped in liberally until an investigation developed that he had more property than many of the men who were dropping coins into his hat. Which shows how foolish it is to give indiscriminately to every object that appears worthy.—Savannah News.

The French syndicate which was reported last week as having secured the big Whitney power plant in North Carolina, and as letting contracts for the completion of the dam and the building an aluminum plant, will, it is understood, spend not less than $8,000,000 on these operations, causing this to rank among the largest individual enterprises, considering the money involved, in the South. Across the mountains, on the Tennessee side, sites have been secured, as recently stated, by the Aluminum Company of America for hydro-electric developments and the construction of an aluminum plant on a scale which it is understood will ultimately involve in the entire development of water power and aluminum manufacture not less than $15,000,000, and some estimates considerably exceed that. This development will necessitate the relocation on higher ground of a piece of track of the Southern Railway, but so vast is this enterprise that the Southern Railway will, we believe, be justified in the large expenditure of relocating its tracks at that point so as to permit the construction of a dam high enough to meet the needs of the Aluminum Company. These two enterprises are indicative of the vastness of the industrial operations that are now under way in the South, and of the southward trend of the great capitalistic forces of the country.—Manufacturers' Record.

In contrasting the appeal of the Democratic national committee for funds to carry on its presidential campaign with that of the "Oyster Bay contingent," the New York Times goes to the core of the interest of the public in seeing the Democratic ticket triumph. The one it refers to as dignified, and marked by "simplicity and directness," and as an address to the country. The other it characterizes as a "flamboyant" production directed to "the men and the women of the new order." Analyzing the Democratic appeal, our New York contemporary, in sustaining its estimate of it, says that "Governor Wilson's supporters, making no other claim than that all governmental machinery, in case of success of the party will be used for the benefit of the people, frankly ask for contributions." Therefore, it argues, they should get them from all who hope for the preservation of order, the upholding of constitutional law, and the prosperity of the nation. That logic, based as it is upon clear and unimpeachable conception and interpretation of the spirit and the letter of the Democratic pledge, is conclusive no less of the interest than of the duty of the masses, in the existing crisis, as involved in contributing to the fund. In closing its article, the Times makes and urges the point that "no man need be ashamed of the smallness of his contribution." The point is well taken, and cannot be too strongly impressed. Willingness and ability, not amount, will be the measure of the man's patriotism and of his performance of duty to himself and to the country, the measure of his loyalty to our institutions.—Richmond News-Leader.

WILMINGTON'S GROWTH AND THE REASON FOR SAME.

Editor Star:—The question why realty values in and around Wilmington have reached such proportions within the past few years is constantly recurring. It's not proposed in this article to treat all the phases of the situation which have tended to bring about such results. But will speak to only one of the many branches of the subject.

It's due to John T. Patrick, of Wadesboro, a one-time poor printer's devil, now a retired capitalist, that he should receive credit for starting the ball rolling along the Eastern and Southern border line of North Carolina, in creating a market for the sandhills. He some time in the '80s bought a large tract of land in Moore county and succeeded in proving its value not only to seekers after health but more recently for splendid agricultural uses. By demonstrating the adaptability of the sandhills to the profitable cultivation of berry and grape crops, large sums of money were spent at Southern Pines and Pine Hurst, then neighboring tracts were taken in by the agriculturist until one of the finest crops of corn ever grown in North Carloina can be seen as you approach within two miles of Southern Pines. Large areas of these once unproductive lands exhibit today that with the aid of properly chosen fertilizers certain elements in these soils are released and go to making profitable yields of cotton, corn peanuts, etc., and the demand for these formerly unprofitable acres increases with each year as when farmers further South, owning improved tracts dispose of same and buy in these sandhills, with promise of equally as good results on far less an outlay. The change to better conditions is felt in many ways. Rural white population increases, town already in existence have grown to greater proportions, bank balances are swollen, railroad earnings and passenger travel show great improvement and the products of these once idle lands, seeking a market, turn to North Carolina's city by the sea. The heads of transportation see good reasons for expanding and enlarging the facilities of their terminals to meet the demands af trade. This forces the conclusion that the sandhills and tributary lands are being utilized to contribute their part to the State's taxable values while at the same time increasing the volume of trade.

The man of affairs recognizes that these lands so long idle and seemingly valueless need closer attention and are really more valuable than the stiff clay lands of heretofore more popular sections of our State.

Wilmington is the natural depot which receives from and distributes to these newly developed farm tracts, the ever increasing freight, and as years go by there will be no diminution of the vloume of business already heading this way. There are other very strong reasons which will account for the growing values of Wilmington's realty but this article treats of but one just now.

CONSUMPTION CURES.

A New York millionaire not long ago offered a million dollars for a cure for consumption. No one claimed it. He made the offer too late. He might have been living today if he had appreciated the value of his health and used ordinary precautions to keep himself in good health and up to the top notch of physical vigor at all times. In 99 cases out of 100 that is all you have to do in order to avoid contracting consumption. There is no medicine that will "cure consumption."—Patent medicine consumption cures are a hoax, a snare and a delusion. They waste your money, stimulate you for a short time, and leave you in a worse condition than you were before. Live in the open air, eat abundantly of nourshing, easily digested foods— milk, eggs, etc.— and place yourself in the hands of a good doctor. If you have consumption, do not leave North Carolina unless you have plenty of money and a competent physician advises it. If you want to know about home treatment for consumption for yourself or your neighbor or your friend, write to the North Carolina State Board of Health for a free builletin on this subject.

THERE are three different kinds of Ginger Ale:

Domestic,
Imported and
CLICQUOT CLUB

Those who have tried all three kinds, prefer Clicquot Club, because it lacks the burning sting in other ginger ales, caused by the red pepper, and because its quality and taste are undeniably superior.

Clicquot Club
(Pronounced Kleek-o Club)
Ginger Ale

The best fresh *ginger* and the best sugar (not saccharine) are used in Clicquot Club, with a dash of pure citric fruit flavor. The water (Clicquot Spring water) is the best ginger ale water in the world; and the carbonating and bottling is perfect.

Clicquot Club Ginger Ale is non-astringent.

SEVERAL INTERESTING CASES

Features in Recorder's Court Yesterday Morning—Serious Charge Against Negro—White Man Sentenced to Road.

Though the docket was not overcrowded, yesterday's session of the Recorder's court was fairly representative of a week-end sitting, there being several cases of more than ordinary interest. The feature was the case against Joe Johnson, colored, charged with a secret assault with intent to kill. The Recorder's court does not have jurisdiction in such cases, but probable cause was found and the negro was held for Superior Court. In default of $500 bond he went to jail.

Johnson was charged with assulting Conductor C. J. Helms, of the Tidewater Power Company, with a knife. The negro boarded a car at Greenfield Lake Sunday afternoon and gave the conductor five cents. A little later, when Mr. Helms was passing through the car, the negro accosted him, saying that he had given him 25 cents, and had received no change. The conductor told the negro that he had received only five cents and that he would not discuss the matter further. When the car stopped at Fourth and Hanover streets, the conductor got off the car and was raising the fender at the northern end of the car, preparatory to making the run back across the city. As he was thus engaged Johnson slipped up behind him and slashed his across the cheek with a knife, inflicting a painful, though not serious wound. The negro was run down and captured, and turned over to the police. Mr. Helms went to a physician and had his wound dressed.

A second case against Johnson, charging assault with a deadly weapon, was not pressed with leave.

J. A. Powell, a white man, was sentenced to three months on the county roads for an assult with a deadly weapon upon Ben Herring, his father in-law, and on a charge of disorderly conduct he received an aditional 30 days on the roads. From this sentence he gave notice of an appeal to Superior Court and bond was fived at $200. He did not succeed in giving bond yesterday morning and went to jail. Powel and Herring became engaged in a family rispute and the evidence was that Powell drew a knife and made an effort to cut his father-in-law with it. He did not succeed in inflicting any injury.

Thos. Wilson, colored, was convicted on a charge of an assault on Flossie Adams, colored, a female, and was sentenced to three months on the county roads.

T. L. Stokes, white, was fined $5 and coast for disorderly conduct. James and Adam Blackwood, colored, were charged with vargrancy. Both cases were nol prossed. A nol pros was also taken in a case against James Penny, colored, charged with obstructing the sidewalk.

THE CITY FINANCES

Statement of Expenditures for the Past Two Months

Capt. Thos. D. Meares, city clerk and treasurer, has prepared and submitted to members of Council a statement of amounts expended by the several departments for the first two months of the fiscal year, June 1st to July 31st, inclusive. The totals will be of interest to the public.

General expense account—Appropriated for year, $24,81o; audited, $4,266.12; unexpended, $20,543.88. Police—Appropriated for year, $40,632; audited, $9,089.81; unexpended, $31,542.19. Fire—Appropriated for year, $42,010; audited, $7,701.27; unexpended, $34,308.73. Street cleaning—Appropriated for year, $34,351; audited, $11,043.54; unexpended, $23,307.46. Street lighting—Appropriated for year, $18,619; audited, $2,908.93; unexpended, $15,710.07. Health—Appropriated for year, $21,530; audited, $3,772.31; unexpended, $17,757.69. Markets—Appropriated for year, $4,700; audited, $168.07; unexpended, $4,531.93. Bond and coupon account—Appropriated, $79,000, none of which has been expended, but $605.56 has been expended for interest, for which no provision had been made. Total amount appropriated for year, $265,652; audited, $39,555.61; unexpended, $227,307.51.

Water and sewerage (operating) audited. $5,627.88; water and sewerage (bonds), amount on hand June 1st, $127,833.36; audited, $83.25, leaving $127,750.11. Street improvement funds, amount on hand June 1st, $135,637.63; audited, $97,396.07, leaving $38,240.96. Other amounts audited as follows: Sidewalks, $2,589.19; personal injury, $2,700; back taxes, $2.50; plumbing, $25; fumigation, $15; tax refunds, $11; Fourth street paving, $45; scavenger work, $3,734.72, making the total amount audited since June 1st, $151,785.22.

GETS CONTRACT

Sub-Surface Drainage for Garden City With Carolina Metal Culverts

It will be a matter of public interest and gratification to know that a local manufacturing concern, the Carolina Metal Products Company, has secured the contract to supply the corrugated culverts that will be used for sub-surface drainage at "Garden City," known until recently as Test Farm. It will be remembered that this tract of land was acquired a few weeks since with the idea of dividing it into lots. Already the property has been divided into lots 70x200 feet in size; granolithic sidewalks are being laid, shade trees planted, and avenues run. Artesian wells are being sunk, and pure water will be pumped into each house built on the property. The site is most convenient, located between the car line and turnpike, and adjoining "Audubon," where lots are changing hands daily at an advance over price originally paid.

OPPOSITION TO POSTMASTER

Clerks in Postoffice Employ Counsel To Fight Confirmation of Renomination of Postmaster Thos. E. Wallace

Representing a majority of the clerks in the Wilmington postoffice, 12 to be more exact, and a number of local business men, Joseph W. Little, Esq., yesterday telegraphed Senator Lee S. Overman, in Washington, asking him to hold up in the Senate the nomination of Postmaster Thos. E. Wallace to another term, on the ground that formal charges would be forwarded to the capitol immediately.

Answering the telegram Senator Overman informed Mr. Little that the filing of charges at this time would not be necessary as the appointment would not be confirmed by the Senate at this session of Congress. Press dispatches later in the day were to the effect that the confirmation of Mr. Wallace as postmaster was held up on account of opposition having developed.

The fact that the clerks in the postoffice, or most of them, were against the present postmaster and had taken the trouble to employ counsel to represent them, came as a great surprise to those who learned of the developments of the day. It was stated last night that the clerks who are represented in the fight are decidedly against the present postmaster and will renew their fight at the next Congress if it is necessary. The nature of the charges it was contemplated to bring against Postmaster Wallace was not hinted at by those in position to know something of the matter, when questioned last night.

Postmaster Wallace had been in Washington for several days and according to press dispatches his purpose was to look after his re-appointment. Saturday night President Taft sent to the Senate a batch of North Carolina nominations and among the number was the re-nomination of Mr. Wallace. All the nominations save one, were held up in the Senate until the next Congress, as stated in a press dispatch elsewhere in today's paper.

CONFERENCE ON MATTER

Citizens Object to Paving Chesnut Street Between Front and Second

Called at the request of a number of citizens who object to the paving of Chesnut street, between Front and Second, until the exact amount of the street bond money remaining unexpended is ascertained, a conference was held in the office of Councilman Parker Quince Moore, in charge of the Department of Streets and Wharves, yesterday morning. Among those present were Messrs. R. A. Parsley, H. L. Vollers, D. L. Gore and Geo. R. French. They asked that no further action on the contract for the Chesnut street improvements, which passed first reading last week, be taken until the exact amount of street money remaining is ascertained.

Councilman Moore informed them that Capt. Thos. D. Meares, city clerk and treasurer, had been at work for several weeks on a detailed statement showing expenditures of the street bond money, but that it was not completed yet. Several members of the delegation suggested that it might be a good idea to have expert accountants go over the books, and advise as to a different system of bookkeeping.

Councilman Tiencken, who with Councilmen Moore and Perdew, represented the Council at the conference, told the citizens that they had the power to hold up the contemplated improvements by filing a formal objection at the next meeting of Council, when the contract will be taken up for second reading. Mr. Parsley stated that he found no such authority in the commission government bill, but that if it lay within his power he would certainly take action accordingly.

The committee of citizens will probably appear before the next meeting of Council and take the matter up again.

SPEAKS THURSDAY NIGHT.

Governor Kitchin to Adress Wilmington Friends and Admirers.

Friends of Gov. W. W. Kitchin are looking forward with keen interest to Thursday night, when the distinguished statesman will deliver a speech here in behalf of his candidacy for the United States Senate, and indication are that the Governor will be heard by a record-breaking audience. He will arrive in Wilmington Thursday morning and will be fresh for his speech that night.

The Governor will deliver his speech from the portico of the City Hall and arrangements are being made to provide ample seating facilities for the large crowd which it is expected will hear him. Seats for the ladies will be provided and music to enlive the occasion will be furnished by several bands.

The present sentorial campaign has attracted wide attention and the discussions and speeches have been given considerable publicity. Governor Kitchin is known as a firey and elequent stump speaker, and his many friends and admirers here will gladly welcome the opportunity of hearing him present his arguments.

Hardened Little Negro

Willie Blunt, a 12-year-old colored boy, was brought to police headquarters yesterday afternoon by his uncle, Bill Lane, with the request that he be held there until today, while an effort is made to get him into a reformatory. The boy is said to be a hardened little fellow. His mother and father are dead and he has become a vagabond, stealing rides on freight trains and running away from home whenever he takes the notion. He was sent to the reformatory at Goldsboro, but escaped and made his way back home, to resume his wild life. His uncle is trying to arrange to have him taken back into the reformatory.

SPECIAL METTING YESTERDAY

Council Held Session to Authorize Assistant City Attorney to Pass On Maintenance Bond—Matter of Incinerator

City Council held a special meeting at 9 o'clock yesterday morning with Mayor Joseph D. Smith and all members in attendance, also Capt. Thos. D. Meares, city clerk and treasurer, and Assistant City Attorney Geo. L. Peschau. The purpose of the meeting was to authorize Assistant City Attorney Peschau, in the absence from the city of City Attorney McClammy, to pass upon and approve a maintenance bond tendered by the Southern Paving & Construction Co., for the up-keep of the streets improved by the company during the past few months.

The company was due about $27,000 from the city for work and it was decided at a special meeting last week that this be paid as soon as a maintenance bond, approved by the city attorney, was filed. Before leaving the city a few days ago Mr. McClammy drafted a bond for the company to execute and requested Assistant City Attorney Peschau to approve its execution during his absence. When the bond was tendered Saturday it was found not to embody certain far-reaching provisions suggested by the city attorney. Assistant City Attorney Peschau, upon examination of the contract made with the company, held that the bond tendered met the requirements of the contract, but in view of the fact that conditions had been required by Mr. McClammy and were not embodied he would decline to approve the bond in the absence of specific and express authority from Mr. McClammy, for the reason that such contracts by charter were required to be approved by the city attorney and no ordinance or resolution of the Council had ever clothed him with the powers of the city attorney during the latter's absence. Telegrams between the Department of Streets and Wharves and Mr. McClammy did not satisfy the assistant city attorney and as a result the meeting yesterday morning was called.

The following resolution was offered by Councilman P. Q. Moore and adopted:

"Resolved, That the bond of the Southern Paving & Construction Company, which has been tendered for the maintenance of the street work, recently completed by said company under contract, be referred to the Assistant City Attorney for examination, and approval, if in accordance with the terms of the contract, and otherwise complete in execution and form."

In accordance with the resolution Assistant City Attorney Peschau endorsed "approved" on the bond "as to form and execution" as "assistant city attorney."

Mayor Smith expressed doubt as to the technical compliance with the charter by such endorsement and as no further approval would be made by the attorney, under the resolution, the Mayor held up the payment of the vouchers until Mr. McClammy's return on the afternoon train. Mr. McClammy approved the bond upon his arrival and a check was given the contracting company for all of the amount due except about $4,000, which was held back by the city to satisfy claims that have been presented against the company.

Coupons to the amount of $27,020 were checked over by Council, and were burned.

Just after the meeting Councilman B. C. Moore called the attention of Mayor Smith to the importance of holding a joint conference with the County Commissioners as early as possible to consider the matter of buying an incinerator. Mayor Smith said that he would communicate with the County Commissioners and whatever time is agreeable to them will be decided upon for the meeting. Mayor Smith and Councilman B. C. Moore also discussed the advisability of selling the city property at the southwest corner of Fourth and Princess streets and devote the proceeds toward the purchase of an incinerator, but no decision was reached.

Local Police to South Carolina.

Officers Joe Lane, Leon George, Marcus Gray and Thomas Hall left yesterday afternoon on the 3:15 train for Mullins, S. C., where they will do police duty today during the State election. The local officers have been granted leave of absence until Wednesday and they go to South Carolina as private citizens, as the city would have no authority to send them as officers. However, they will be sworn in by the South Carolina authorities and will do special duty around the polls. The campaign in the Palmetto State this year has been an unusually hot one and much feling has arisen over the issues, and apparently the authorities in South Carolina are taking every precaution to avoid trouble or violence on election day.

ATTRACTIONS AT THE THEATRE

Booking For Season of 1912—1913 Include Many Notable Productions—"Old Homestead" Next Tuesday Night—Mr. Schloss

Just about this time of each year the thoughts of amusement lovers turn to things theatrical, and naturally Wilmington's theatre public wants to know what is on tapis for the Wilmington season and when it will open. The season will be inaugurated next Tuesday night, September 3rd, when Denman Thompson's noted "Old Homestead," will be presented, and then will follow, in rapid succession, some of the best shows Wilmington has ever had. In fact the list although not completed is already a superb one, while it is now being added to in New York by both Mr. S. A. Schloss, head of the Schloss Circuit, and Mr. Marx Nathan, Mr. Schloss' personal representative, who has joined him in Gotham for this especial purpose. Mr. and Mrs. Schloss, children and their governess, have just returned from abroad and friends will be delighted to know that Mr. Schloss is much improved in health. He will likely return home in time for the opening of the season here.

Following "The Old Homestead," next Tuesday night, the September atractions will include a brand new edition of the mustical comedy "Mutt and Jeff," Field's Minstrels, "Polly of the Circus," the great comedy of music and dancing, "The Travelling Salesman," Harold McGrath's noted play, "The Goose Girl," and the big dramatic success, "The Confession." The date for Field's Minstrels is September 19th.

October holds some superb shows for Wilmington. The very first day of the month will be presented George Cohan's great show, "Forty Five Minutes From Broadway," while two musical triumphs that will hit the people in the right spot will closely follow. They will be "The Pink Lady" and "A Butterfly on Wheels." The dates for these two swell shows are October 7th, for the later and October 12th, for the former. Other brilliant bookings for this months are Della Clark in "Introduce Me," "The Rose Maid," "Alma Where Do You Live," "Louisiana Lou" and the Maddock-Fields Players. The latter will be the first popular price attraction of the season, but it will be an exceptional one, as only well known royalty plays, late Broadway success, will be presented.

November will start off with a big revial of Dickens "Oliver Twist" and it will be a mammoth production, as well as brilliant revival, and an all-star cast will be seen in the play. This month is going to be filled with triumphs that will make the theatregoing public whet its appetite to a keen edge. Primrose and Dockstaders Minstrels are to appear in November, as well as the celebrated comedy "Excuse Me," the jolly musical comedy "Miss Nobody of Starland," a return of the show that made a wonderful hit here last season, "Baby Mine," and a new edition of the always favorite, "Bohemian girl." Other November bookings will include "Overnight."

December 4th will come the great musical success, "The Balkan Princess," to be followed by "Heart Breakers," with George Damarel, of "Merry Widow" fame, heading the superb cast. Another great music show for December is "The Prince of Pilsen." Among the other attractions of the Christmas month are "The Rosary," "The Servant in the House" and the Four Pickerts. The latter will be with the folks of Wilmington during Christmas week, as of yore.

The after-Christmas booking are wonders, January bookings include "The Merry Widow," "The Common Law" and many others, while February will roll around some great stars, including Blanch Ring, who comes the night of February 27th. However, days before charming Miss Ring appears there will be some big star shows in February, "The Spring Maid," "Officer 666" "The Woman," "Bought and Paid For and shows like the Smart Set will be offered.

March is going to bring some more great stars, including Richard Carle and Louis Mann—think of that. Other attractions will be "The Wedding Trip," "The Price," "Pomander Walk" and "Littlest Rebel".

And think of April sporting such a gigantic star as Eddie Foy. Besides there will happen in the showery month of April such attractions as Neill O'Brien's Minstrels, "The Red Rose," "The Yankee Prince," "Trail of the Lonseome Pine" and "The Typhoon."

This list is by no means complete, as it is being added to now, as noted, and will continue to be added to during the season. However, from noting the above it can be seen that Wilmington theatregoers are in for a big artistic season.

IMPROVEMENTS AT LUMINA

Tidewater Power Company Contemplates Enlarging Pavilion.

Though the present beach season is not yet over, the Tidewater Power Company is already planning a number of improvements at Lumina, the handsome pavilion at the terminus of the company's suburban line to Wrightsvile Beach.

The present season has demonstraed, the company feels, the Lumina even with the improvements and enlargements that have been added during the past few years, is becoming inadequate to accomnodate the ever-increasing crowds that flock to the nightly dances through the week and the concerts Sunday afternoon and night. While nothing definite has yet been decided, it is understood that the company contemplates enlarging the pavilion by the extension of the varandas, and the addition of a large elevated promenade on the ocean side, as wel as the enlargement of the refreshment parlers, bath rooms, etc. It is also understood that there is a possibility that a grand-tand will be erected on the sound side, in order to furnish a comfortable and convenient place for the crowd to witness aquatic events, etc., held in Bank's Channel.

Sunday School Outing Today

What promises to be one of the most delightful outings of the season will be given to Carolina Beach today by the Sunday School orchestra of Immanuel Presbyterian church. The steamer Wilmington will make two trips, leaving the pier at 9 A. M. and 2:30 P. M. Lemonade will be furnished free and other refreshments will be on sale. Tickets are 25 cents each. The proceeds are for the benefit of the Sunday School.

MEMORIAL SERVICES

Red Men Pay Tribute to Their Departed Brothers

Impressive services were held at Southside Baptist church Sunday night by the Red Men of Wilmington in memory of their deceased brothers. Mr. H. Marshburn had charge of the formal memorial ceremonies and Rev. W. G. Hall, the pastor, delivered the memorial sermon.

About 100 Red Men attended the services in a body and in addition there was large number of friends of the order. The building was filled to the overflow by the audience and it was impossible for all to be accommodated. Music for the occasion was rendered by the Southside orchestra.

MISS CULBRETH'S VOICE TAKES WELL IN RICHMOND

Many Wilmington friends of Miss Julia R. Culbreth, of Raleigh, will read with interest and pleasure the following from Sunday's Raleigh News and Observer: "Raleigh people will be delighted that the voice of Miss Julia R. Culbreth, the daughter of Dr. N. M. Culbreth, of Morgan street, has received such a manifest compliment in Richmond.

"Miss Culbreth will spend the Winter in Richmond with her sister, Mrs. R. E. VanLear. Since going there, Miss Culbreth has been singing in Grace Baptist church and was recently elected a member of the celebrated quartette in that church. In a competitive test she was made contralto soloist, receiving the votes of a musical committee which, in the nature of things, should have been strongly predisposed to the talented singers of Richmond.

"She is a graduate of Peace, Raleigh, has deligted many Raleigh people with her unusual voice and is regarded as one of the best contralto soloists that this institution has graduated. The position carries a very substantial salary."

MISS LINA B. PORTER BRIDE OF MR. WILLIAM E. CROMWELL.

Of interest to many friends in Wilmington and elsewhere in this State was the marriage Sundty night at 9 o'clock of Mr. Wiliam E. Cromwell, who has charge of the city circulation department of The Morning Star, and Miss Lina B. Porter, of this city, the attractive daughter of Mrs. J. J. Porter, of Rocky Mount. The ceremony was performed at the personage of Bladen Street Methodist church, Rev. W. L. Rexford, paster of the church, officiating. There were present only members of the immediate family and a few intimate friends. Announcement of the marriage came as quite a surprise to many friends of the couple.

The bride is a daughter of the late Rev. J. J. Porter, who some years ago was pastor of Bladen Street Methodust church and was for 20 years a member of the North Carolina Methodist Conference. She is a charming young lady and is very popular is a wide circle of friends. The groom is a well known and popular young business man, and for the past year he has been connected with the circulation department of The Star.

Mr. and Mrs. Cromwell left on the early train yesterday morning for Asheville and other points of interest in the western part of the State. On their return in about 10 days or two weeks they will visit for a few days at the home of the bride s mother in Rocky Mount before coming to Wilmington, where they will be at home to their friends at No. 214 Red Cross street.

LABOR DAY ATHLETICS.

Fine Programme of Events Arranged for Monday at Lumina.

The programme for the Labor Day athletics at Lumina, Wrightsville Beach, has been completed and shows a total of 14 events. In addition there will be day and night fireworks. This is the first time fireworks have been arranged for Labor Day at the beach and this feature will within itself attract several hundred people. The fireworks will depend, of course, upon the weather. The athletic events will begin at 3:30 o'clock and immediately following the day fireworks will take place. Included in the events are swimming and canoe races. The canoe races wil mark the close of a series and two silver cups will be awarded to the winners in the series.

WILSON WRITES SPEECH.

Will Deliver It At Pennsylvania Picnic Thursday.

Sea Girt, N. Y., August 26:—Governor Wilson tonight wrote the speech he is to deliver at the State Grangers picnic at Williams Grove Pa., Thursday. It will be the first campaign speach outside of New Jersey and the Governor said tonight that he regarded it as one of the most important of the campaign.

The nominee received an invitation to speak at the Monmouth County Fair at Red Bank, N. J., Friday and probably wil accept. He also received a telegram from a labor organization in Grand Rapids, Mich., asking him to speak there Labor Day, but the Governor already has made arrangements to speak in Buffalo on that day under the auspices of the United States and labor council.

Governor Wilson, while in Buffalo, will attend a reception given by Norman E. Mack, former national chairman.

Tomorrow the Governor will go to Trenton on his usual weekly trip for State business.

Screens on windows and doors to keep out flies will do more to safeguard your treasures than will locks to keep out burglars.

MAKES GOOD HEALTHY FLESH

Begin the use of Samose today, and you will soon notice a gain in good, healthy flesh to al who are thin, weak and run down, this remarkable flesh-forming food, promises plump, rosy, perfect health, vigor and vitality.

Most people eat enough to become fat; the trouble is not lack of food, but lack of assimilative power.

Samose mingles with the food that is eaten, so that it is assimilated by the blood and builds up pleasing plumptness and good healthy flesh. Those who use Samose for a week or ten days will soon notice a gain in weight and an improvement in general strength and health.

Put good solid flesh on your bones, and you will be strong and well. In no other way can this be done than by the use of Samose. It gives plumpness and physical grace to the thin and scrawny, and will make you bright, rosy and normally fat.

Samose is in tablet form, pleasant to take, and is sold by one of the most reputablye drug stores in Wilmington, under their personal guarantee to refund the money if it does not give satisfaction.

NO SUNDAY MAIL DELIVERY

Wilmington and All Other Cities Affected by Law Passed By Congress Saturday Night—Learned Here Sunday—No Publicity.

That Wilmingtonians, along with the citizens of every other important city in the United States, will hereafter have to do without their mail on Sundays, unless it bears a special delivery stamp, became known Sunday, when it was learned that Congress, in passing the Postoffice Appropriations bill Saturday night, attached a clause which prohibits mail received between Saturday midnight and Sunday midnight, being "worked up" until Monday morning, unless it bears a special delivery stamp. No mail will be put into boxes on Sunday.

Incredible as it may seem, the bill, affecting as it does probably half of the 90,000,000 people of the United States in some degree, was slipped through Congress, signed by President Wm. H. Taft and entered as a statute without attracting the least publicity. Though the bill went through some time Saturday night, and orders notifying postmasters throughout the country of the law, were sent out immediately, the news did not become generally known until yesterday, and even then many did not hear of it. None of the Sunday papers carried a line about it, even The Associated Press apparently going to sleep on the matter.

The first notification received here was Sunday morning, when Mr. Warren G. Elliott, assistant postmaster, received instructions from the Postoffice Department at Washington to cease all delivery of mail other than that bearing special delivery stamps, between midnight Saturday and midnight Sunday. Mr. Elliott did not put the rule in force Sunday, as he could not believe that such a bill had been passed. He sent his instructions back to Washington, with an inquiry as to whether some mistake had not been made. He had received no reply last night, but reports from other cities over the State, and specials from Washington, printed elsewhere in today's paper, bring confirmation of the matter, and dispel all doubt as to the genuine character of the order.

The sweeping effect of such a law hardly dawns upon one until he has given the matter some thought, but when it is taken into consideration that hundreds of business men do not dream of letting Sunday pass without opening their mail, and even answering some of the more important letters; that the banks in many cities handle millions of dollars in exchanges on Sundays, and that hundreds of citizens all over the land in towns where no daily papers are published, look forward on Sundays to the arrival of their daily paper from the nearest city, as one of the principal events of the day; and that the new law will abolish all this, then it can be seen that probably never before has a law been passed that will cause such universal contsernation, inconvenience and hardship.

The subject was a matter of much disussion on the streets and among the business men here yesterday. One prominent banker declared the passage of such a law by Congress to be the most asinine piece of legislation ever accomplished by a supposedly sane legislative body. He declared that it would mean the loss of hundreds of dollars to the banks of Wilmington each year for the reason that all exchanges coming into the local postoffice on Sunday will lie idle, drawing no interest.

But it will not only impose a hardship on the banks, for other business houses and men will also feel the effects of the law, and the general public will have to forego the reading of daily papers from out of town on Sundays, unless some arrangement is made to have the papers sent by express and distributed through newsdealers or carrier boys, as the local paper are distributed.

One well known business man, however, declared that he was heartily in favor of the law, and approved of the act of Congress in passing the measure. He declared that he felt this way about the matter for the reason that he did not think it right that employees in the postoffice should be made to work on Sundays when all others have a day of rest, and for the additional reason that this is a strenuous age, and a man should have one day of rest out of seven. If mail is not to be delivered on Sundays, the temptation will be removed from business men to go to their offices and work on that day, and they will be able to devote the time to themselves and their families. For this reason, he thought the act a wise and good one.

However, sentiment seems to be almost universally against the law, and it is believed that strong pressure will be brought to bear to have it repealed as soon as possible.

In the postoffice here the law means that six of the clerks who have heretofore worked about three hours every other Sunday will now have the day to themselves, but that the whole staff will have to go to work at least by 3 o'clock Monday morning in order to "work" the mail that has accumulated over Sunday, in time for the first round of the carriers Monday morning.

The law does not affect the dispatching of mail, and all letters mailed on Sunday will be forwarded, as usual. Thus the one man in the local office who has heretofore worked all day Sunday, the dispatching clerk, will still be on duty each Sunday.

WRIGHTSVILLE BEACH

Capt. John H. Sharp, of Atlanta, is spending some time at Wrightsville Beach.

Mrs. Jesse N. Couch has returned to the Oceanic Hotel, after a visit to Mrs. Harry Stearns and other friends in Atlanta.

Mrs. M. J. Gregg and daughters, Misses Cora and Luetta Gregg, and Mr. and Mrs. M. J. Gorham, of Birmingham, Ala., are guests at the Northrop cottage.

Mrs. F. B. Quillen, formerly Miss Mary Quarles, who has had charge of the mail desk at the Seashore Hotel this season, left yesterday for her home at Rocky Mount.

Mr. P. B. Beard, who has been one of the popular clerks at the Oceanic Hotel, left Sunday for his home at Salisbury. He will enter the University at Chapel Hill this Fall.

Mrs. Max Lazarus and daughter, Macon, Ga.; W. B. Moore, Fitz, Ga.; J. E. Brown and daughter, Atlanta; J. H. Hughes, St. Louis, were among yesterday's arrivals at the Oceanic Hotel.

Mr. N. T. McLean, of Rowland, is spending some time at the beach and in the city. He is a Confederate veteran and served four years at the mouth of the Cape Fear river, being captured at Fort Fisher.

After a stay of 10 days at the Oceanic Hotel, the following party returned Sunday to Atlanta: Mr. and Mrs. Marshall McKenzie, Miss Mae O'Brien, Mr. and Mrs. C. A. Anderson, Miss Harlan and Mrs. B. C. Cothran.

The Seashore Hotel Orchestra disbanded Sunday, following the noon concert, and members left yesterday for other points, to spend a short vacation, before going to the Hotel Jefferson, at Richmond, Va., to begin their winter engagements.

Arrivals yesterday at The Seashore Hotel included: William Thompson, Raleigh, W. W. Hendel, Atlanta; Misses Hester and Agnes Williamson, Tallahassee, Fla.; Mrs. R. B. Maxwell, Jacksonville, Fla.; Mr. and Mrs. S. A. McLeod, Lockhart, Ala.

Capt. W. M. Wells, owner of a large fleet of fishing and pleasure boats, will leave tomorrow or Thursday for Morehead City, where he spends the Winters. He expects to return to the Seashore Hotel as usual next year, with his fleet of boats.

There will be another souvenir dance for children at Lumina tonight, the dance taking place between the hours of 8 and 9 o'clock. After the children's dance the regular dancing will begin. Attractive souvenirs will be given to the children.

Manager Couch, of the Oceanic Hotel, said yesterday that he expected the number of guests at the hotel to remain about what it is now until well toward the last of September. There is every indication that the season will be the longest in the history of the resort, that there will be many people on the beach until the close.

Arrivals Supnday at the Oceanic Hotel included: Miss Winifred Caraway, Miss Evelyn Rose, Wadesboro; D. N. Blue, Rowland; W. J. Pugh, R. M. Pugh, Clinton; W. W. Stallings, Raleigh; Miss Mary Lee Jones, Goldsboro; P. W. Reid, L. W. Baker, Percy Middlebrook, Madison, Ga.; R. J. Brown, Atlanta; H. L. Hall, N. P. Renfrew, Jr., Opelika, Ala.

Sunday's arrivals at the Seashore Hotel included the following: J. N. Hill and T. J. Johnson, Nashville, Tenn.; J. McRae Dalton, Winston-Salem; W. E. Farlow, Norfolk, Va.; L. O. Nichols, A. V. Ayers, Nichols, S. C.; S. B. Parker, Richmond, Va.; Chas. E. Bryton, Charlotte; A. H. O. Merry, Augusta, Ga.; H. Currie, Red Springs; J. R. Spence, Greenville, S. C.; J. H. Fradley, Charleston, S. C.; H. E. Ball, Detroit; W. S. Schenberger, Birmingham; L. McK. Parker, Lumberton; P. L. Land, Charlotte; J. W. Coppedge, Greensboro; W. J. Wanamaker, Columbia, S. C.; Chas. W. Gold, Raleigh; J. L. Wade, J. J. Wade, Jr., Dunn, N. C.; M. E. Nance, Clarkton; J. B. Rackley, Hamlet; N. R. Pittman, Fayetteville.

One of the most enjoyable fishing and sailing parties of the season was given by Mr. H. F. Peirce, cashier of the Bank of Warsaw, Saturday afternoon in the yacht Edna May. In the party were Mr. C. P. Towles, of Baltimore; Mr. Wilson, of Warsaw, Mr. P. R. Camp, of Franklin, Va.; and Mr. Peirce. Besides a large catch of trout and pig fish Mr. Peirce had his usual luck of landing, with the assistance of the captain, a large shark, which was exhibited to the guests at the Oceanic Hotel. Mr. Peirce, his wife, his mother and his litle son returned to their home Sunday evening after spending a few days very pleasantly at the Oceanic Hotel, after the adjournment of the bankers' convention, of which Mr. Peirce is a preminent member.

Mr. A. B. Skelding, general manager of the Tidewater Power Company, stated yesterday that the railroads entering Wilmington had decided to continue the low Sunday excursion rate from points in this section to Wilmington and return for at least another Sunday, and that there is some probability of the rate being continued until September 15th. Mr. Skelding seemed to be of the opinion that if the rate was continued that the railroads would have almost, if not as many, people to haul every Sunday as they had during the zenith of the season at the beach. The crowds brought here Sunday was the largest to visit Wilmington and the Beach on a last Sunday in August. The Tidewater Power Company hauled 3,900 people to the Beach. This was one of the biggest days of the season in point of the number of people hauled.

There seems to be hardly any diminution in the size of the audiences that gather to enjoy the concerts provided at Lumina Sunday afternoons and evenings. The attendance at these concerts last Sunday were about as large as any during the season, which is unusual for this time of the year. Both concerts Sunday were up to the usual standard of excellence for which these musical entertainments at Lumina are noted. The singing of Mrs. Frank Pearson was, of course, the feature of both concerts. Her artistic work at Lumina this season has been greatly enjoyed by everyone who has attended any of the Lumina concerts. Her audiences have not failed to recognize the high order of her musical talent, and the patrons of Lumina will regret to learn that her engagement for this season will end with the concert next Sunday night. The selections which Mrs. Pearson sang Sunday were: "Love's Old, Sweet Song," at the afternoon concert, and "My Hero" from the "Chocolate Soldier," at the night concert. Both of these numbers received a double encore. Selections from "Carmen," "Titl's Serenade," "Echoes from the Opera," and the "Melody in F," by the orchestra, were also much enjoyed by the audience.

Mr. Glenn Huffstetler, a capable and experienced hotel man, who has been chief clerk at the Oceanic Hotel this Summer, leaves today for his home at Lenoir, Tenn., about 20 miles out from Knoxvile, where he will spend a month with home folks, before assepting one of several propositions open to him. Mr. Huffstetler is undoubtedly one of the most popular and efficien chief clerks that has ever served at the Oceanic Hotel, either under its present name or under the name of Tarrymoore Hotel. The management of the hotel was fortunate in securing his service. He was selected by Mr. Jesse N. Couch, the manager, because of his superior qualifications as reflected during his connection with the Georgian Terrace, in Atlanta, last Winter. Mr. Couch, then connected with the Majestic, in Atlanta, had fine opportunity to observe his work at close range. Many friends of Mr. Huffstetler sincerely hope that he will be with the hotel again next season, and regret that he is not to remain until the close this season. He was with the Empire Hotel, Salisbury, N. C., a few years ago, and two years ago he was assistant manager of the Alleghany Springs, Tenn., Hotel, besides having had numerous other hotel connections. During the remainder of the season the position of chief clerk will be filled by Mr. Barnett, a popular and experienced hotel man, who came to the Oceanic a few weeks ago from the Georgian Terrace.

CHARGED WITH LARCENY

Jim Spencer, Colored, Arrested Yesterday at Carolina Beach

Jim Spencer, colored, who is employed in the bath house at Carolina Beach, was arrested yesterday afternoon by Deputy Sheriff A. L. Kelly on a warrant issued by Justice Harriss charging him with the larceny of a sum of money, some jewelry and a watch, from M. Henry, a white man said to be from Raleigh. The negro was released on $100 bond for his appearance before Justice Harriss this morning.

Henry alleges that he went in bathing at Carolina Beach Sunday and that he left his valuables at the bath house, in care of the negro. He alleges that the negro did not return his property when he came out of the water. The amount he claims to have lost is said to be $18.50, and also a gold watch, a stick pin and tie clasp. Spencer declares that he will be able produce the receipt signed by Henry when he received his valuables back after his surf bath.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

COTTON REACHES LOW GROUND

After Quiet Morning Market Becomes Active and Weak—Prices Show Deline of Twenty-six Points.

New York, Aug. 26.—After a very quiet morning the cotton market became active and weak with prices breaking into new low ground and with the close easy, at a net decline of 22@26 points.

The market opened steady, at a decline of 5@9 points in response to lower Liverpool cables. Private advices attributed the weakness of the English market to free offerings of actual, and a generally favorable view was expressed as to early crop and weather news. The bearish features, however, did not seem to inspire any immediate pressure, and the market fluctuated within a range of four or five points during the morning. There appeared to be no change in the general character of the news later, but the market met increased offerings after midday and as soon as prices began to ease off local selling showed increasing aggressiveness.

Scattering short interests had evidently covered pretty freely late last week, and with support from this source lacking, the decline met comparatively little opposition. At any rate, both October and January contracts broke through the 11-cent level, or through the point of resistance from which rallies had occurred no less than three times during the past 10 days, and the market in the late trading showed a net loss of from 23 to 26 points. October contracts sold to 10.99, and January touched 10.97.

Closing prices were within a point or two of the lowest. There were further complaints of drouth damage in South Texas, and the weather in that section remained dry, but private advices indicated a good improvement in the Georgia crop. There were rumors of a favorable private condition report to be published within the next two or three days, while scattered Southern selling was supposed to foreshadow the beginning of a more active hedging movement.

Stop orders were uncovered just below 11 cents for January contracts, and the buying at the decline was attributed chiefly to trade interests and local shorts.

Receipts today, 16,905 bales, against 6,477 last week and 19,428 last year. Today's receipts at New Orleans, 96, against 1,753 last year. At Houston, 29,501, against 29,051 last year.

Spot, quiet. Middling uplands, 11.50; middling gulf, 11.75. Sales, 100 bales.

NOW FOR WILSON.

LaFollette Men Will Head Organization For the Governor.

Chicago, Ill., Aug. 23.—Joseph E. Davies, of Wisconsin, secretary of the Democratic National Committee, tonight announced that Rudolph Spreckels, of California, and John G. Blaine, of Wisconsin, both supporters of United States Senator Robert M. LaFollette in his campaign for the Republican Presidential nomination, had agreed to head an organization to work for Woodrow Wilson in the Presidential campaign.

According to tentative plans of the Democratic managers, the organization will be known as the Wilson National Progressive League and will make an active fight in support of Wilson among Republicans.

In reply to a telegram from United States Senator Thomas P. Gore, of Oklahoma, one of the Democratic leaders at the Chicago headquarters, Mr. Spreckles telegraphed that he would be glad to act as president of the proposed league. Mr. Blaine, who directed considerable of the work of Senator LaFollette's pre-convention campaign, also telegraphed that he would assist Mr. Spreckles in perfecting the organization of the league. It was said that Mr. Spreckles would organize the Western division of the league at San Francisco, then come to Chicago and organize the Middle Western division and finally go to New York to open an Eastern headquarters. Allied with Mr. Spreckles and Mr. Blaine in this work will be Charles R. Crane, of Chicago, also formerly active in the Republican party.

METAL SHARES WERE STRONG

The Week on The Stock Exchange Opened With Continuance of Activity in The Coppers—Amalgamated Made Gains.

New York, Aug. 26.—The week on the stock exchange opened with a continuance of the conditions which characterized the dealings of the previous fortnight, namely, activity and strength in the metal shares. Amalgamated Copper sold out its best price of the year, and affiliated stocks also advanced to better quotations, while United States Steel displayed a firmer tendency.

Concurrent with the further prominence of these issues were announcements of higher prices for copper by-products, an increased foreign demand for the metal, and a one-dollar advance in Winter products.

Politics were again assigned as the primary cause for the heaviness of the railroad group, which was most pronounced in the Pacifics and some grangers. Canadian Pacific, which lost ground steadily last week, opened with some show of strength today, but soon yielded all its rise and more. Union Pacific and Southern Pacific were plainly under restraint, with indications of pressure against St. Paul and the Hill stocks. Atchison made no response to its statement of July earnings, which showed a net gain in excess of $500,000.

Trading in the last two hours of the session was robbed of all significance by reason of its extreme idleness, but prices were disposed to harden to the point where some early losses were partly retrieved.

The local bond market was dull and irregular. Total sales, par value amounted to $1,275,000. United States government 2s advanced ¼ per cent. on call. Total sales, 289,700 shares.

Savannah, Ga., August 24.—Four hits in 18 innings were all that were allowed here by Heine Schulz, who pitched and won two games for Savannah against Columbus in the South Atlantic League. The visitors obtained two hits in each game, one being of a scratch variety. The score in the first game was 2 to 0 and in the second game 2 to 1. The teams are now tied for the league leadership.

THE NAVEL FALLS ON 62ND. CONGRESS

(Continued from Page One).

Vice President Sherman for his conduct as presiding officer.

Then as the hands of the clock slowly crawled to 4:30 Senator Gallinger, in the chair, arose and declared the session adjourned sine die, and the remnant of the Senate wandered out of the chamber.

After recessing from 2:25 to 3:25 o'clock, the House transacted little business. It passed a bill of Representative Carlin, of Virginia, Democrat, fixing penalities for the breaking of seals on cars in inter-State commerce, adopted the concurrent resolution on adjournment and then proceeded to block all other attempts at legislation.

A resolution providing for an extra month's pay for employes of the Senate died a natural death without consideration. The resolution was a substitute for a proceding one that would have provided the extra month's remuneration for employes of both Senate and House. The House Democrats had gone on record as opposed to such legislation.

Billion Dollar Session

Washington, Aug. 26.—Congress scored another billion dollar session today, but the exact total of the Nation's "cost of living" varies as it is seen through Republican and Democratic eyes.

The total appropriations for the fiscal year of 1913 which began July 1st, 1912, amount to $1,019,636,143.66, as given to the Senate and House today by Senator Warren and Representative Fitzgerald, respectively, the chairman of the two Appropriation committees.

It is conceded by both of these leaders that this is $7,046,000 less than the National budget of 1912, but is remained for former Speaker Cannon, in behalf of the Republican forces of the House, to produce figures to show that the present Democratic Congress had actually appropriated more for general purposes than did the preceding Republican Congress.

Representative Cannon declared that out of the general total should be taken all expenditures made for the Panama canal.

With such deductions, he said, the total appropriations for 1913 would be $990,655,143, as compared with a total of $981,122,881 appropriated for general purposes last year.

Predictions that the government would face a heavy deficit at the end of the year were made both by Senator Warren and Representative Cannon. Senator Warren said President Taft and his cabinet had carefully reduced estimates to the lowest figures. The appropriations actually made are over $21,000,000 less than the estimates, and the Republican leaders declare it will be impossible for the existing government agencies to keep within them.

Resting Before the Battle

Washington, August 26.—Primed for the strenuous campaign for the two months that precede the November elections, members of the Senate and House proceeded out of town to-next few days to secure what rest is possible before the wearing round of stump speeches and political meetings begin.

Speaker Clark tonight prepared to leave for Maine, where he is to speak this week. Senator Clapp, Progressive, will leave tomorrow for Vermont to make Progressive speeches. Former Speaker Cannon confided to friends that he intended to "hang around" for a few days to get up a collection of campaign literature.

"Then I'm going out on the stump," he said, "and when I make a statement that anybody challenges I'll be loaded for him."

The more active leaders of the regular Republican forces in the Senate, including Senators Crane, of Massachusetts; LaFollette and Poindexter, of Washington, will not begin campaign work for a few weeks.

Democratic Leader Underwood, of the House, will take a 10 days "rest cure" at Hot Springs, Va., and will do no active campaigning until October. Later he expects to speak for Governor Wilson in Eastern States. Senator Shively, of Indiana, will go to Sea Girt tomorrow to confer with Governor Wilson over campaign affairs.

Senator Simmons, of North Carolina, will go to New York to confer with leaders of the Democratic National Committee and then hasten to his home State where he is a candidate for re-election. Senator Bacon, after a visit to Georgia, expects to return North for political speeches.

Representative Henry, of Texas, chairman of the House Rules Committee, also will enter the Maine campaign. He left for there tonight and later will return to Texas.

Speaker Clark will open the Kentucky campaign at Lexington, September 19th.

Representative Lloyd, of Missouri, chairman of the Democratic Congressional Committee, left today for his home. He will be back in Washington September 10th, to open the headquarters of his campaign committee.

Representative McKinley, chairman of the Republican Congressional Committee, is already out on campaign.

Representative Mann, of Illinois, the Republican House Leader, and Representative Fitzgerald, of New York, chairman of the Appropriations Committee, will leave tomorrow for a rest at their homes. Later they will join in the campaign.

Representative Heflin, of Alabama, and other spellbinders in the House are leaving their time open to the assignments of the party managers.

BAD AUTOMOBILE WRECK.

Power Failed and it Plunged Down Embankment—Personal Items.

(Special Star Correspondence.)

Lumberton, N. C., Aug. 26.—A bad automobile wreck occurred just west of the iron bridge at this place yesterday afternoon about 4 o'clock. The car was owned and driven by Mr. J. D. Anderson, of Fairmont. In the car with him were Messrs. E. G. and Fulton Floyd, W. R. Taylor and Gordon Grantham, all of that town. They were coming into town at a very slow rate of speed and as they approached the bridge the car stopped, not sufficient power being used to make it climb the slight rise. It began to move backward when Mr. Anderson seemed to have become rattled and failed to guide it right, as it ran down the embankment, turning over twice and landing upright, badly wrecked. Mr. Grantham escaped injury by jumping. Messrs. Anderson and E. G. Floyd were the most severly injured, being badly brusied and shocked. They went to the hospital where after careful examination Dr. Thompson stated that no bones were broken. Messrs. [illegible]or and Fulton Floyd were more fortunate and were not so badly bruised. It is the opinion of many that the top being up on the car, sevade broken limbs and possibly fatal results. The young men returned to Fairmont last night.

About a year ago a similar accident occurred about the same spot except that on that occasion the car went down on the other side of the road. That is a dangerous piece of road, with no protection against such mishaps, and when some one is killed there some remedy may be found to guard against such things.

Saturday and yesterday seems to have been unlucky days for automobiles in Lumberton. Mr. A. E. White's car broke down at the Seaboard passenger station Saturday morning and this morning was still there. Two other cars were seen standing in the streets yesterday, both apparently out of commission. One of these was in East Lumberton while the other was in the northern part of town.

Mr. M. G. McKenzie and Mrs. Lizzie Proctor and daughter, Miss Leslie, left this morning for Jackson Springs to sepnd several days. Mrs. McKenzie has been at the springs for the past two weeks.

Mr. James D. Nutt, State Deputy Grand Chancellor of the Knights of Pythias of North Carolina, arrived from Wilmington this morning, looking just as good as he did 50 years ago. Mr. Nutt says he thinks he is suffering from tuberculosis and water on the brain. He has many friends here who are always glad to see him and hear him spin yarns.

MANY UNCONFIRMED

Important Appointments Made by Taft Were Held Up

Washington, August 26.—Many important appointments made by President Taft in the last few months were left unconfirmed today when Congress adjourned. Among the more important are those of Judge Richard E. Sloan, of Arizona; Major General W. W. Witherspoon, Brigadier General John McClernand and Judge Clinton W. Howard, of the State of Washington.

Many bitter fights have characterizpointments in the last few weeks. Over 60 apointments of postmasters were left unconfirmed.

Of the judicial nominations not acted upon, that of Richard E. Sloan, to be district judge of Arizona, is vigorously opposed by the Arizona Senators.

The nomination of John M. Cheney to be U. S. District Judge for the Southern District of Alabama also failed.

The nominations of Dascar O. Newberry to be collector of customs for the District of Albemarle, N. C., and Robert Smalls to be collector of customs at Beaufort, S. C., go over until next session.

Major Beecher B. Ray, paymaster in the army, to be appointed deputy paymaster, with the rank of brigadier general, failed of confirmation. The nomination of Major Ray was sent to the Senate just before the House Committee on Expenditures in the War Department, which had investigated against him, had reported that he had been engaged in politics in the interest of the President in Chicago in 1908.

M'NEILL WINS IN HOKE

Gets Majority of 77 in Primary There —For the House

(Special Star Correspondence.)

Fayetteville, N. C., August 26.—Complete returns from the Democratic primary held in Hoke county Saturday give Capt. James D. McNeill, for the State Senate, a majority of 77 over his competitor, Q. K. Nimocks, Esq. This result seems to have been a surprise to both candidates, as the friends of Nimocks were confident he would carry the county by a decisive majority. Cumberland and Hoke now form a Senatorial district, and the final result for State Senate will be determined by the vote of Cumberland, which holds its primary September 4th.

The friends of McNeill are much encouraged by the result in Hoke and claim that it will have a marked influence on the vote in Cumberland.

Capt. Tom McBryde was nominated in the Hoke primary for the House of Representatives.

Other officers nominated were Edgar Hall, for sheriff; W. B. McQueen, for clerk of the Superior Court; W. J. McRainey, for treasurer; J. M. McNair, for register of deeds; J. W. Johnson, J. A. McPhaul and S. J. Cameron, for county commissioners.

Cumberland Superior Court, Judge Bragaw presiding, convened here today for a one-week term for the trial of criminal cases. Judge Bragaw's non-arrival delayed the convening until this afternoon. There are 128 cases on the docket, including those of the no-tax dealers. Temple Raynor and Cornelius Lucas will be given trial for murder.

NAMED, BUT NOT CONFIRMED

Taft Sends Nominations of Ten Tarheels to the Senate

Washington, August 26.—President Taft sent to the Senate Saturday the nominations of 10 important North Carolina postmasters. These appointments were made on the very eve of adjournment and were undoubtedly sent in for political purposes.

The White House knew that they could not be confirmed before the session ends and that the appointees will hold office until after the election, whatever may happen after that time.

The list is as follows: Thomas E. Wallace, Wilmington; S. N. Hamrick, Hickory; W. B. Cox, Laurinburg; Frank Roberts, Marshall; G. W. Robbins, Rocky Mount; S. M. Jones, Sanford; C. F. Smathers, Canton; W. A. Mace, Beaufort, and E. C. Beaman, Farmville.

White, at Mebane, was the only confirmation made today. All the others go over till after election. If the Democrats win in November none will be made till Wilson takes his seat in March, when Democrats will be named.

Representative Godwin, who has remained in Washington all Summer, will leave for home tomorrow. He will drive his car, going via Shenandoah valley, Natural Bridge, Va., Winston-Salem, Greensboro, Raleigh, and thence to Dunn.

Wallace, for postmaster at Wilmington, had a strong endorsement from a number of the leading business and professional men of Wilmington, and probably he would have been confirmed but for the fact that the nomination was sent in at the 11th hour and the further reason that Senators Simmons and Overman received telegrams asking them not to confirm when the Senators had little or no time to consider the matter. Senator Simmons received a wire from Mebane Saturday afternoon asking that Mr. White's confirmation be postponed but a committee of Mebane citizens including E. S. Parker, a prominent Democrat, came here and urged the Senator to let the nomination go through. They pointed out the fact that there was absolutely nothing against the record of Mr. White, that he had made an excellent official and the Mebane people were anxious that he have another four years upon these recommendations his confirmation was made.

FIRE IN PETERSBURG

Early Morning Blaze Destroys Property Valued at $200,000

Petersburg, Va., Aug. 26.—Fire which destroyed three store buildings, doing damage estimated at from $150,000 to $200,000, was controlled early this morning after it had burned more than two hours. The buildings totally destroyed, owned by the Watson Realty Company, were valued at $50,000 and one partially destroyed was worth $20,000. About $100,000 damage was done stock of the Lum Drug Store, the wholesale dry goods houses of the Southern and Whitmore, Ligon companies, and the automobile and farm implement house of T. H. Cotten. The fire originated in the Cotten establishment and gained great headway before the alarm was sounded. Three buildings were in flames when the [illegible] was received and the [illegible] for the fact a high wind diminished just before midnight.

An automatic sprinkler system saved one building.

VICTIMS OF POISONED MILK

Twenty Guests of Mountain Hotel In North Carolina Made Ill

(Special to Washington Post).

Raleigh, N. C., Aug. 25.—Samples of milk which poisoned twenty guests of a hotel in western North Carolina were brought here today for analysis by the State chemist.

The chemist pronounced the wholesale illness the result of ptomaine poisoning, the first knowledge of which was the finding of the guests stretched out on the floor Friday evening. The affair was not known until today, occurring 300 miles away. All of the guests were prominent people spending the Summer in the mountains. An unknown child died, but all others have recovered.

THREE YEARS OF MISERY

Mrs. Burnside Escaped an Operation by Taking Lydia E. Pinkham's Vegetable Compound.

Mahoningtown, Pa.—"For three years I suffered untold misery every month, and had to stay in bed the first two or three days. I also had a displacement and other ailments peculiar to women. I became so weak and run down I could scarcely walk across the floor.

"The doctor told me I would never be well unless I would undergo an operation, but I was advised by my mother to take Lydia E. Pinkham's Vegetable Compound and after I had taken four bottles I am strong and well. I have got others to take your medicine with the same good results and they cannot say enough for it."—Mrs. J. A. BURNSIDE, Mahoningtown, Pa.

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

Women who suffer from those distressing ills should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

PROBABLE MURDER.

John G. Kerner Shot Down by Young Man he Reproved.

Greensboro, N. C., August 25.—John G. Kerner, member of the firm of the American Hosiery Mills, of Kernersvile, N. C., and one of the most prominent men in this section of the State, was shot and probably fatally injured this afternoon by a young man named Claude Dickens.

Mr. Kerner had gone to his mill plant for some purpose, and found several young men drinking and carousing. He intervened, when, it is said, Dickens became insulted, ran into his house, and picking up a shotgun, emptied the entire contents into Mr. Kerner's arm and side at a range from twenty to thirty feet. The left arm was practically shot away, while many shots found lodgment in Kerner's body. Dickens was arrested and lodged in jail at Winston-Salem to await the outcome of Kerner's injuries. It was reported tonight he has a slim chance for recovery.

Bristol, Tenn., August 26:—Dr. James T. Cooten, of Kansas, has been elected President of Washington College, recently separated from Tusculum by court decree. Dr. Cooter was a Professor at Washington three years when the union was formed with Tusculum.
